Second Vice Chairman Long called the 208th Meeting of the District of Columbia Water and Sewer Authority's Board of Directors to order at 9:32 a.m. Ms. Manley called the roll and a quorum was established.

Chairman's Overview

Second Vice Chairman Long welcomed former Board Chairman Allen Lew to the meeting. He told Mr. Lew that he had made the Board meetings run efficiently and that he appreciated his efforts to keep meetings to a more manageable amount of time since everyone's time was so valuable. Also, he mentioned the use of committees and how Mr. Lew empowered them to review issues and bring them back to the Board. Second Vice Chairman Long spoke about how Mr. Lew worked with the staff to accomplish a lot that the Board had previously struggled with. Second Vice Chairman Long said that the Board wished Mr. Lew well in all his future endeavors.

Mr. Hawkins stated that it was his pleasure on behalf of the staff of D.C. Water to honor Mr. Lew. He indicated that Mr. Lew embodies three characteristics that make a good career and life. They are to work with good people, to do work that is interesting, and to do something of value. Mr. Hawkins said that it had been an absolute pleasure to work at Mr. Lew's side for eight and a half years.

CEO/General Manager Hawkins indicated that the organization is a better organization for Mr. Lew's service as a Board member, Chairman, and City Administrator. Four huge issues were being addressed prior to Mr. Lew's and part of his legacy is that progress was made on all four. The first is the finalization of the PILOT Agreement, the right of way agreement, the Bloomingdale Project which after being a centuries-long problem was resolved, and the work done on the Green Infrastructure Consent Decree. Mr. Hawkins stated that when the issues go into Mr. Lew's sight, big things were accomplished that will be of value for years just like the buildings he has built.

Mr. Hawkins concluded by saying that working with Mr. Lew had been magic. It was magic in meetings when issue after issue were successfully addressed for the City, the Enterprise, and for Mr. Hawkins and the staff. He stated that Mr. Lew will always have incredible friends and allies at D.C. Water and that he and all the people working at D.C. Water have loved Mr. Lew's service and wanted to honor him.

Mr. Lew stated that he enjoyed being on the Board. He reported that when he became Chairman, there was a conflict and he had to convince the Board for the Washington Convention and Sports Authority to change their monthly meeting schedule. He was told when he joined the D.C. Water Board that it was a great and professional board. Mr. Lew indicated that the organization has changed over the last ten years and it is now a standard for the industry. He stated that George Hawkins has been a great ambassador for D.C. Water. He spoke about all the smiling faces in the room and that it is a sense of pride that everyone shares in the roles they have played and what has been accomplished. Mr. Lew thanked everyone for having him back.

Mr. Lew was presented with a plaque that read "Allen Lew, thank you for your leadership and dedication as Chairman of the D.C. Water Board of Directors. The participants applauded and Mr. Lew thanked everyone.

Approval of the March 19, 2015 Meeting Minutes

Second Vice Chairman Long asked for a motion to approve the March 19, 2015 minutes. The motion to approve was moved and seconded. The minutes were approved unanimously by the Board of Directors.

Governance Committee

Reported By: Ellen Boardman, Chair

Ms. Boardman stated that the Committee met on March 1, 2015. Korey Gray, Compliance Officer, provided a full report on the D.C. Waterworks Employment Program. He presented statistics on employment in three categories—goods and services, non-major construction projects and the major construction projects. Only one person was hired which prompted a discussion of why it was limited to one.

Mr. Gray provided a report on the job fair conducted in Ward 8 by E. E. Cruz and informed the Committee that there would be additional job fairs in the summer. He also talked about the activities of the job centers.

Ms. Boardman indicated that Mr. Gray also reported on two Workforce PILOT Programs, one with Capitol Paving and Fort Myer which were training programs. With Capitol Paving two trainees were recruited and one of those stayed and became Safety Supervisor. Fort Myer trained two recruits but both left without completing the training.

The next program discussed was the Incentive PILOT Program which was based on financial incentives up to 10 percent for hiring D.C. residents and two employees were hired. They discussed whether they should go forward, whether the program could be restructured or modified. Mr. Gray provided the Committee with a lessons-learned summary. They had to manage expectations for individuals coming into the training programs, identify what opportunities were there, decide if they could meet that need, and determine if these were really jobs that individuals wanted to take before moving to a career.

Ms. Boardman stated that the Committee was focused on continuing its efforts in local hiring because it is significant. CEO/General Manager Hawkins informed the Committee of local hiring components of the Green Infrastructure Program and the consent decree. He said that he would discuss it further in his General Manager's Report.

According to Ms. Boardman, the Committee then discussed the proposed modifications to the Procurement Regulations Manual. General Counsel Hayman will continue to assist in finalizing the modifications.

Ms. Boardman reported that the Committee went into Executive Session to discuss cyber security.

Ms. Richardson raised questions about the job fairs. She wanted to know why out of 500 participants only 27 were identified for follow-up interviews. Ms. Boardman stated that the Committee also raised questions about this issue and the need to manage expectations. If 500 people showed up, why were follow-up interviews so low? Was it that there were not enough job opportunities, not enough qualified candidates, or not enough people interested in the job that were available. Mr. Gray will provided additional information on these issues at the May Committee meeting. Ms. Boardman agreed to share the information with the Board.

Human Resources and Labor Relations Committee

Reported By: Edward Long, Chair

Mr. Long reported that the Committee met in March for the regularly scheduled meeting where the unions bring issues that they want considered. There were four issues put on the table. The first was the possibility for an early-out retirement package similar to what the Federal Government does. The Committee asked staff to review the issue and determine if it would be something that would be a useful tool for D.C. Water when the succession planning program moves forward. Under the succession planning program there will be efforts to retain some workforce talent as employees consider retirement. The Committee will continue to look at this and report back to the Board at a later meeting.

Mr. Long stated that they also discussed with the unions the issue of certification. He reported that the CEO/General Manager is trying to make sure that there is a highly trained staff and that certification is beneficial for both the Authority and the employee. Mr. Long indicated that the Committee will continue to monitor the issue and make sure that if there are concerns, that the unions will be heard prior to the implementation of certification.

The requirement for commercial driving licenses (CDLs) was debated for some time. There were questions about positions that require a CDL but use the skill very infrequently. Mr. Long stated that the Authority continues to try to become more efficient which includes making many positions flexible and multi-tasked in terms of skills that can be utilized. The Committee asked General Manager Hawkins to look at various positions and report back at the next meeting the positions requiring CDLs, what they are trying to accomplish with the added flexibility, how it relates to employee compensation, and how to address some of the concerns raised by the unions in terms of CDL use very sporadically. Mr. Long informed the Board that the Committee will keep them updated.

Mr. Long reported that the last issue was about safety concerns at the sewer pumping station. This was raised in earlier discussion, so Mr. Long informed the Board that the issue was tabled because some of the concerns have already been addressed. The Committee will continue to monitor this.

Mr. Long concluded by stating that the Committee went into Executive Session and then the meeting was adjourned.

Joint Meeting of the Environmental Quality and Sewerage Services Committee and the Water Quality and Water Services Committee

Reported By: Rachna Butani, Chair of the Water Quality and Water Services Committee

Ms. Butani stated that there was a joint meeting of the two committees on March 19 following the monthly Board meeting. The meeting agendas were truncated to include water quality monitoring, a high-level overview of the American University park cleaning and lighting project, and the Asset Management Program.

The first update received was from Charles Kiely, Assistant General Manager for Customer Care and Operations, on water quality monitoring. He stated that starting March 23 through May 4, 2015 the Washington Aqueduct's secondary treatment would change from chloramines to free chlorine disinfection. This occurs around the same time each year. The public relations rollout to notify the public was accomplished.

Mr. Kiely reported that there were zero positives of coliforms for the months of February and March.

The American University park cleaning and lighting project will start the week of April 5th. A full report on the water main lining pilot will be presented at the April Committee meeting. This project is similar to the one completed last year at the Colonial and Hawthorne areas.

Ms. Butani reported on the comprehensive presentation provided on the Asset Management Plan (AMP) which is going to address D.C. Water's Blue Horizon 2020 Strategic Goal No. 8. Leonard Benson, Chief Engineer, explained that the program is a three to five year process to develop the framework both organizational and cultural to support the asset management goals of the Enterprise. He stated that the AMP work plan will outline the deliverables, schedule, and functionality, with progress being assessed by objectively evaluating what was planned as compared to what was actually delivered.

Another presentation was made by Alan Ispass from CH2M Hill, Director for the Asset Management Project. He highlighted some characteristics of world class AMPs. Mr. Ispass explained that modern AMPs evaluate the life cycles of assets to consider the overall cost of installing, operating, and maintaining an asset instead of just initial capital costs. This helps an enterprise to understand not just the initial costs but costs of the overall life cycle of the project. The Committee asked how the markets would reward D.C. Water for implementing the AMP. He stated that it takes many years for an AMP to mature into a state where costs are actually being saved. Ms. Butani stated that starting the process now will enable D.C. Water to be more effective at its capital investment decisions in the near term.

The presentation was concluded with a discussion of a chart depicting the three phases of the AMP that showed that the majority of the efforts will be transferred from the consultants to D.C. Water during phase three, approximately three years into the program. Mr. Benson stated that efforts were underway to recruit a full time AMP Manager. Mr. Hawkins added that the new Chief Operating Officer, Mr. George, who has significant asset management experience will be instrumental in recruiting the AMP Manager.

Four joint use action items and one non-joint use action item were discussed and recommended for approval.

Audit Committee

Report By: Nicholas Majett, Chair

Mr. Majett stated that the Committee met on March 26, 2015 and received a presentation from Mark Kim, Chief Financial Officer, and McGladrey, audit contractor. They indicated that D.C. Water is in a strong financial position with double-digit growth over the previous year. Results were in line with expectations, consistent with historical performance.

Mr. Kim reported that there was a decline in source of revenue from the Federal Government due in part to the executive order which requires a reduction in energy consumption and the General Accounting Office's mandate to convert federal land to other uses.

Mr. Majett indicated that operating expenses were relatively flat over the year. The Committee received an external audit report which issued a claim or unmodified opinion on the FY 2014 financial statements which is the highest level of assurance that can be given.

The internal auditor's report showed no material weaknesses and three deficiencies. There were no instances of noncompliance with laws or regulations. The deficiencies were about time and attendance. There were some issues with managers reporting time where the employees had not submitted their reports. The managers were informed and the deficiencies were corrected.

There was an issue with updating the ethics policy which is being done now, and there was an issue with potential conflicts of interest with Board members. This is also being addressed.

Of the 28 outstanding issues left by KPMG, only 10 are left unresolved but each is being addressed.

The McGladrey indicated that the staff was fully compliant with giving reports and other information that they needed to do the audit.

Finance and Budget Committee

Reported By: James Patteson

Mr. Patteson stated that the Committee met on March 26, 2015. Gail Alexander-Reeves, Director of Budget, provided an update that indicated that all financial performance metrics were on target with 40 percent of the fiscal year completed. D.C. Water is at 44 percent on revenues, 36 percent on operating expenses, and 39 percent on capital disbursements.

One revenue questions was raised regarding a dispute between D.C. Water and the District Government on the RFK Impervious Area Charge. The ownership and who is responsible for that charge is being questioned. The Committee was assured that all the parties are fully engaged in the process and that it would be kept up-to-date on their progress.

Mr. Patteson reported that Mr. Hunt, Director of Finance, updated on cash and investments. The ending operating cash balance of \$148 million was well above the target reserve level of \$125 million and the investment portfolio is properly diversified and is within the compliance of the Authority's investment policy. Their overall yield is an astounding 0.4 percent.

Mr. Kim gave an update on the letters of credit commercial paper program and reported that they are all due to expire next month. The Committee will receive a recommendation next month.

Mr. Patteson informed the Board that the Committee had a lengthy update about the financial aspects of the biosolids program and the impacts to the 2015 and 2016 budgets. They looked at the assumptions regarding chemical hauling costs for biosolids and utility charges. Mr. Patteson reported that the charges fit within available contingencies with the 2015 budget and it is anticipated that there will be no impacts for the 2016 budget.

General Manager's Report

Reported By: George Hawkins, CEO/General Manager

Mr. Hawkins spoke about the effect that the cold weather, "Siberian Express," had on D.C. Water this winter and especially in February. He stated that when the challenges are greatest, D.C. Water personnel really stand the tallest. Mr. Hawkins reported that in February 2015 they had the highest number of water main breaks for one month ever. Each year there are usually between 400 and 500 water main breaks over a calendar year. In February, which had only 28

days, there were 125 water main breaks, often in sub-zero weather. Solving the problems when it is 5 degrees with a wind chill of 10 below, made it hard to imagine more challenging circumstances. Mr. Hawkins provided additional statistics that included 1,114 investigations and emergency work orders in February, and 11,478 calls to the call center, which usually has 2,000 to 3,000 in a month. On President's Day 1,800 calls were received. Usually 5,000 high notification alerts are sent out per year and there were 1,400 alerts in February because there were so many water main breaks, water lines freezing and breaking, and water entering residences.

Mr. Hawkins recognized Mr. Shanks and Reverend Coles, union leadership, and stated that it was not just union employees in the Water Services Division, but employees throughout D.C. Water who worked so hard to assist customers.

The General Manager reported that an agreement is being reached on a consent decree modification that will enable a green infrastructure element to the consent decree to respond to combined sewer overflows. Mr. Hawkins stated that the agreement is with the Federal Government for approval and once accomplished, it will be presented to the public.

Mr. Hawkins informed the Board that a memorandum of agreement is being negotiated with the District Government under which D.C. Water will develop a greens jobs program for District residents for the green infrastructure portion of the consent decree modification. He reported that they are near completion on negotiations and that this will be 100 percent District funded. Mr. Hawkins stated that they wanted the entire Board to be aware of this program. The memorandum of agreement will be brought before the Governance Committee for review and authorization hopefully at the May meeting. They are planning to then have a conference call with Board members for an approval vote, and then the signing the week after Earth Day.

General Manager Hawkins reported on the town hall meetings that began in April in each ward. The first was in Ward 7 and there was standing room only. The last meeting will be held on May 13, 2015. They got some tough questions and he believes that is the reason for the town hall meetings—to answer fair questions about service issues. He encouraged Board members to attend one or more.

Mr. Hawkins then announced three employees who had been added to the management team. They are Alan Gesany, newly hired as Supervisor of Process Control; Heidi DeClipiere, newly hired as Program Manager for Research; and Mustaafa Dozier, promoted to Chief of Staff in the General Manager's Office. Mr. Dozier was previously the Manager of Labor Relations. Mr. Hawkins welcomed and congratulated them all.

Consent Items (Joint Use)

Second Vice Chairman Long asked for a motion to approve joint use items. Mr. Lake moved to approve Resolutions No. 15-35 through 15-38 and it was seconded. The motion to approve Resolutions No. 15-35 through 15-38 was unanimously approved by the Board.

Consent Items (Non-Joint Use)

Second Vice Chairman Long asked for a motion to approve a non-joint use item. Mr. Roth moved to approve Resolution No. 15-39 and it was seconded. The motion to approve Resolution No. 15-39 was unanimously approved by the District of Columbia members of the Board.

Second Vice Chairman Long asked for other business and Mr. Hawkins stated that he forgot to mention one additional item in his General Manager's Report. On March 24, 2014 D.C. Water won the 2015 Sustainability Award for the American Society of Civil Engineers. He reported that the award was for the Cambi anaerobic digesters at Blue Plains. Mr. Hawkins stated that D.C. Water had previously won awards for the planning and design for the digesters, and now it was for installation by Salil Kharkar's process control team. He congratulated Water Bailey, Assistant General Manager for Wastewater, and his team. Mr. Lake asked if D.C. Water would get one next year for operations and Mr. Hawkins said he hoped so.

Second Vice Chairman Long adjourned the meeting at 10:23 a.m. after hearing no other business.

GOVERNANCE COMMITTEE

MEETING MINUTES April 21, 2015

Committee Members

Ellen Boardman
Shirley Branch

Rachna Butani

D.C. Water Staff

George Hawkins, CEO and GM
Randy Hayman, General Counsel
Linda Manley, Board Secretary

Chairperson Boardman convened the meeting which was held telephonically. This special meeting was requested in order for the Committee to review the Memorandum of Agreement with the District of Columbia Regarding Job Opportunities for District Residents and Contracting Opportunities for District Businesses for Designing, Inspecting and Maintaining Green Infrastructure (MOA), and, if appropriate, to forward the MOA to the full Board to consider during its May meeting. CEO and General Manager George Hawkins thanked the Committee for meeting in April when a meeting was not scheduled.

As a preliminary matter, the Chairperson asked Mr. Hawkins for the status of the Consent Decree Modification. Mr. Hawkins noted that DC Water, the District of Columbia government, the U.S. Environmental Protection Agency (EPA) and the U.S. Department of Justice (DOJ) have agreed to modify the Decree in order to incorporate green infrastructure as part of the CSO controls in certain CSO sewersheds. Once the modified Decree has been signed by all the parties, DOJ will lodge it with the court, followed by a 30-daying public comment period. Assuming EPA and DOJ secure all of their signatures on the modified Decree by the end of this month (May), we should expect the modified Decree to be lodged with the court and public noticed by the end of June based on experience in other cases. Following the close of the comment period, DOJ will ask the court to enter the modified Decree provided EPA and DOJ do not decide that the modified Decree should be withdrawn or modified further based on comments received from the public.

Mr. Hawkins noted that going from “gray” to “green” infrastructure in the specified areas would stay within the anticipated budget. The cost would be the same overall but these costs could be

extended over an additional five (5) year period. This would give the rate payers a “breather” between rate increases.

Mr. Hawkins stated that both the District and DC Water saw the introduction of the green infrastructure as a great opportunity to create green job opportunities for District residents and businesses. This shared view resulted in the MOA under review. The overall goal of the MOA is to have 51% of new jobs created by contracts or procurements entered into by DC Water with third parties to implement the green infrastructure required by the Consent Decree Modification be filled by District residents.

Mr. Hawkins then reviewed the measures to be implemented by the MOA in furtherance of this goal. DC Water’s permanent employment plan, DC Water Works!, would be applied to green infrastructure. DC Water’s job opportunity centers would be used to disseminate information about green job opportunities. Third parties such as the Water Environment Federation (WEF) would be funded to develop standards for the certification of green infrastructure workers for construction, inspection and maintenance of such infrastructure. Third party organizations would be funded to develop and operate job training and job placement programs for green infrastructure jobs. Third party organizations would be allowed to use District and DC Water facilities for such training. Contractors working on green infrastructure would be required to operate a mentor/internship program for District residents. Contractors would further be required, when working on green infrastructure, to utilize District residents who are certified under the certification standards. Waivers would be allowed. District resident hiring will be used as an evaluation factor when selecting professional service firms and contractors. The inclusion of CBEs will also be used as an evaluation factor when selecting professional service firms and contractors. Third party CBE training programs would be funded and enhanced outreach would ensure local CBEs.

Mr. Hawkins concluded his presentation with a recap of the benefits to be received by the consent decree modifications and the Green Infrastructure Jobs MOA. Regarding the decree modification, the following benefits would be realized: (i) the creation of the largest green commitment in the District; (ii) earlier CSO control that would occur incrementally as each green facility was built; (iii) reduction in rate increases because of the extended time period for compliance; and (iv) the elimination of the proposed Potomac Tunnel Pumping Station. Additionally, the Green Infrastructure jobs MOA creates the framework for one of the major benefits, which is the promotion of job development for District residents who are paying for the program. The GI certification program developed under the MOA could serve as a national model.

The Committee was informed that the programs put in place by the MOA would be monitored by the Governance Committee. The Committee then recommended that the MOA be approved by the full Board at its May meeting.

With no other items being raised, the Chairperson adjourned the meeting at 11:40 a.m.

I. Call to Order

Mr. Howard Gibbs, Acting Chairperson, called the meeting to order at 9:30 AM.

II. AWTP STATUS UPDATES

1. BPAWTP Performance

Mr. Aklile Tesfaye, Director, Department of Wastewater Treatment (DWT), reported the monthly average influent flow was 333 MGD. Total nitrogen reduction process performance, measured in pounds per year, is on target to be below the EPA permit effluent limit of 4,377,580 pounds per year effective January 1, 2015. There was total of 4.04-inches of precipitation during the March reporting period. Overall, plant performance was excellent, with 100% permit compliance.

Biosolids production was 407 wet tons per day compared to 1100 wet tons per day for the same period last year. Mr. Tesfaye commented that March was the first month where 100% of biosolids were processed through the digester without the use of lime stabilization. The Committee inquired as to the electricity usage increase. Mr. Tesfaye responded the increase was a result of additional 3 MW energy demand from the biosolids MPT and ENRF new facilities. The Committee asked for the status of the Combined Heat and Power (CHP). Mr. Tesfaye responded the CHP turbines operation to generating electricity is anticipated in July 2015. The Committees asked when CHP is operational for the electricity usage chart to be updated to reflect the electricity production from CHP and the electricity purchased.

III. UPDATES: POTOMAC INTERCEPTOR SEWER

1. Odor Abatement Project

Ms. Liliana Maldonado, Director of Engineering and Technical Services (DETS), reported that DC and the three Maryland sites are substantially complete. Ms. Maldonado noted that additional odor counteractants for Maryland Site 27 (Old Angler's Inn) are being investigated at the request of the Inn's owner. Ms. Maldonado added that the exhaust system at Maryland Site 27 is being modified to better disperse the counteractant. The Virginia Site 46 (Loudoun) operational demonstration started in March 2015 with the SCADA system identified as having to be retested. Virginia Site 31 (Fairfax) operational demonstration is anticipated in early July 2015.

IV. RESOURCE RECOVERY THROUGH BIOSOLIDS BLENDING: FUTURE PLANS, START-UP SCHEDULE AND REGULATORY ISSUES

Mr. Chris Peot, Director, Resource Recovery, provided an update to the biosolids blending and potential marketing. Mr. Peot explained the economic goal is to develop a zero cost biosolids program by marketing the Class "A" biosolids blended product. He noted that it seemed well within possibilities that a positive net revenue stream could eventually be developed using the blended product. Mr. Peot commented regulations in Virginia requires ninety (90) days certification period for a Class "A" generator, which started March 1, 2015. Mr. Peot explained a marketing firm was retained to develop marketing/brand names for the Class "A" biosolids product. The committee encouraged the biosolids marketing to be as aggressive as possible. The committee asked if the biosolids marketing experiences have been documented to assist other authorities planning to follow suit. Mr. Peot responded they have documented their experiences and the lessons learned.

I. Call to Order

Ms. Butani called the meeting to order. She reported that she attended some of the ward meetings that have been held and thought they were great and very informative. Ms. Butani asked General Manager Hawkins about the comments from the participants and wanted to know if he would be sharing the information at the next Board meeting. Mr. Hawkins stated that they had two more town halls to conduct in Wards 4 and 6. At the conclusion they will produce a document that will be submitted to the Retail Rates Committee and the District Board members in connection with the public meeting on May 13. Then it will be distributed to the entire Board.

II. Water Quality Monitoring

A. Total Coliform Rule (TCR) Testing

Charles Kiely, Assistant General Manager for Customer Care and Operations, reported that for coliform testing, D.C. Water had zero positive samples for March and to date in April. Everything is working very well in the distribution system.

B. Lead and Copper Rule Monitoring

Mr. Kiely indicated that in terms of the Lead and Copper Rule Monitoring they are 80 percent complete. They have 78 samples which have been analyzed. He stated that they are at the lowest that they have ever been at 3 parts per billion on first draw and 4 on second draw. This

is very good and they will have some very good results to report when they get through the other 22 samples at the end of June.

Ms. Butani asked if they had received a lot of calls on the flushing of the system for spring cleaning. Mr. Kiely replied that they had not received any reports.

III. Fire Hydrant Upgrade

Jason Hughes, Director of Water Distribution, reported that there were 9,455 public fire hydrants, of which 9,339 were in service. There were 116 out of service hydrants, of which 73 were defective requiring repair and replacement and 43 were due to inaccessibility or temporary construction work. Ms. Butani asked if there was a large increase in the defective ones because of the weather. Mr. Hughes stated that this was true and that the defective hydrants are back down to 65. This was because of the combination of hydrants being out of service in support of main replacements, as well as being out due to the winter. They are able to now to refocus their efforts and resources back to hydrant activities.

Mr. Hughes then provided an update on the White House hydrants. He stated that there were two hydrants that were identified as out of service. They have been in communication with the Fire Department about one hydrant that can be abandoned. It is unnecessary for their needs and for support in managing a fire in that area. For the other hydrant they needed to get confirmation to gain access to the White House and that was coordinated the other day. He reported that they anticipate being out there the beginning of next week. It will not take long to do an assessment and put it back in service.

IV. Status Update on Lining Project

Mr. Hughes distributed a public information sheet that was sent out to the residents for the American University Park Water Main Cleaning and Lining Project. The Project started off a little slower than anticipated. A lot of the preconstruction activities were completed on time but there were a couple of delays with permits. As a result the actual construction work started roughly three to four weeks behind schedule. Mr. Hughes stated that they believe the time can be made up throughout the Project. They will continue to monitor it to evaluate whether or not they are at any risk of not completing it on time. Ms. Butani asked about the delays with the permits. Mr. Hughes stated that the District Department of Transportation had some concerns with some of the work done last year at the Colonial Village and Hawthorne neighborhoods, specifically around the restoration, not on the work performed to clean and line the mains. They had issues with how some of the areas were left during construction or after that were highlighted. All of this has now been resolved and they have released the permits. The work started on Monday. Mr. Hughes indicated that they will present a more detailed report in a month or two.

V. Action Items – Non-Joint Use

The Committee was provided a summary of a contract by Mr. Kiely. The contract was with Orcom Solutions, LLC, and was for bill printing and mailroom operations. This is a multi-year contract that is critical and they cannot have an interruption in services. The Committee members had questions that were satisfactorily answered by Mr. Kiely. They recommended approval by the full Board.

Ms. Butani adjourned the meeting since there was no additional business.

Meeting Minutes

COMMITTEE MEMBERS PRESENT

DC WATER STAFF PRESENT

Mark Kim, Chief Financial Officer
Randy Hayman, General Counsel
Linda R. Manley, Secretary to the Board

INTERNAL AUDIT STAFF PRESENT

Dan Whelan, McGladrey LLP
Jennifer Murtha, McGladrey LLP
Charles Barley Jr., McGladrey LLP
Jill Reyes, McGladrey LLP
Kelly Johnson, McGladrey LLP

Call to Order (Item 1)

Mr. Nicholas Majett called the Audit Committee meeting to order at 9:32am. Mr. Majett then turned the proceedings over to Mr. Mark Kim.

External Audit RFP Recommendation (Item 2)

Mr. Kim presented the results of an RFP that was issued last November for external audit services. There were six (6) proposals received in December and a Committee led by John Madrid conducted the ranking process in January. The proposing firms made oral presentations in March, at which time, the Committee made final rankings. KPMG was the highest scoring respondent to the RFP. As such, it is recommended that KPMG be awarded the five (5) year contract, consisting of three (3) base years, with two (2) 1-year options. KPMG is the Authority's current audit firm, and has completed the assignment for the last two (2) years.

KPMG has named Burt Smith & Co. as a Subcontractor, and as such, a recipient of 10% participation on the contract. It was mentioned that although it was not a requirement listed in the November RFP, Burt Smith & Co. is, in fact, a certified LSDB. It was also

confirmed that both Prime and Subcontractor participation is monitored through mandatory monthly reports as included in the initial solicitation.

Action Item (Item 3)

The Recommendation to award Contract No. 15-PR-CFO-01 for external audit services to KPMG, LLP was approved. All Board members were in concurrence.

Review of Internal Audit Status (Item 4)

Mr. Kim turned the meeting over to Mr. Whelan from McGladrey LLP to review the status of the FY15 audit plan.

Mrs. Murtha reviewed the Internal Audit Matrix and discussed which audits are in process and which reports are being issued today.

Ms. Johnson then reported on the status of the prior audit findings. During the March meeting, the Internal Audit Team presented a total of 82 audit items, 44 of which were open. Since that last meeting, an additional 12 findings have been closed. Ms. Johnson reported significant progress in the areas of Support Services and IT. The numbers presented at this meeting do not include audits issued in FY15, in order to allow process owners time to address issues.

Mrs. Reyes introduced the Timekeeping report and explained that DC Water is currently upgrading and converting the timekeeping system. Mrs. Reyes explained that proceeding with an internal audit during a system upgrade or conversion allows for audit recommendations and action plans to be incorporated into implementation rather than after the fact.

The Internal Audit Team has worked with members of the Timekeeping and Payroll Staff to gain a better understanding of prior department procedures. The department is currently on schedule to kick-off the conversion to its new timekeeping processes on June 1. Once automated approvals begin to occur, the Internal Audit Team will proceed with additional testing at the Department level. The Internal Audit Team will also present reports on both overtime and the Budget next fiscal year.

Mr. Majett inquired about an issue from the March audit committee meeting, specifically, that of supervisors failing to approve time. Ms. Johnson provided the update that the issue has been tested, and categorized as a closed issue. Mrs. Reyes reiterated the updated process allows supervisors a full pay period to retroactively approve employee time. Should they fail to approve the time during that pay period, the supervisor's direct deposit is suspended, and they must then personally retrieve their checks directly from the Office of the CFO, Mr. Kim. Mr. Kim confirmed 100% compliance with the new process since implementation.

Mr. Kim also clarified that the current departmental transition includes an upgrade of the previous system, with the inclusion of new technology. Training for the new implementation is ongoing. Timekeeping processes that were manual will now be

automated and reminders will be system-generated, rather than relying upon staff to identify an issue and perform a manual intervention.

Training materials have been formulated for the implementation and there is a plan to present an overview to all Senior Staff at the next meeting of the General Manager and Senior Staff. The Unions have been notified of the changes in technology, and the changes in the process of time & attendance, which may fall within the area of “change in workplace conditions”.

Ms. Johnson presented the remaining 3 observations from the Timekeeping report. Many of the opportunities for improvement will be addressed during the conversion of the timekeeping system.

Upon inquiry by Ms. Boardman, it was confirmed that the risk rating on the observations is determined by the Internal Audit Team with Management and process owners, and is based on impact and likelihood.

During fieldwork, the IA Team also identified some considerations that will be addressed as a part of the Overtime and Budget audits that have been added to the FY2016 audit plan. Ms. Johnson expressed appreciation for the full cooperation from Management throughout this portion of the audit process.

Ms. Johnson gave a brief update on the hotline calls. Since the meeting in March, there was one new hotline call received, which was subsequently closed. There are currently three (3) items still open. It was additionally noted that the IA Team has instated quarterly meetings with Legal Counsel, Labor Relations, Security and the IA Team; the group held its first meeting the day before this Audit committee meeting.

Ms. Reyes described the hotline protocol based on inquiry from Ms. Boardman. DC Water has a third party company (The Network) in place to receive Hotline calls, record those calls in their system, and then send the IA Team an automated email notice of a new claim. The IA reviews the claim data and thus far, the Office of General Counsel has been notified as needed; a standard procedure is being formulated. There are times when an investigation may be warranted, at which point, any necessary follow up is conducted. Once resolution is achieved, claims are appropriately notated and closed.

Mr. Majett made the point that classifying all received calls as fraud, may be misleading to the public. The Committee was reminded that the proper name of the Hotline is the *Fraud, Waste, and Abuse* Hotline, however, it is generally just referred to as the *Fraud Hotline*. The Internal Audit Team reviews all calls to determine legitimacy, and the call is then referred to the appropriate department for follow up action. When a call originates from the Hotline, the IA Team will monitor it to ensure that it is addressed.

It was suggested that the name of the Hotline be changed in an effort to avoid any incorrect categorization of calls. Another suggestion was made to classify calls that were non-Fraud or Customer Service-related.

Executive Session* (Item 5)

Mr. Hayman asked for a motion to move into Executive Session to discuss legal, confidential, and privileged matters pursuant to Section 2-575(b)(8) of the D.C. Official Code. It was so moved and seconded. Ms. Manley conducted a roll call vote and the motion was approved. The Audit Committee went into Executive Session.

Adjournment (Item 6)

The Board moved back into public session. The Audit Committee Meeting adjourned at 10: 23am.

Call to Order

Mr. Timothy Firestine called the meeting to order at 11:00 a.m.

March 2015 Financial Report

Ms. Gail Alexander-Reeves, Budget Director, provided an executive summary of the operating revenues, expenditures and capital disbursements due to the extensive agenda items for discussion at the meeting. With approximately 50 percent of the fiscal year completed, Ms. Alexander-Reeves reported we are on track with budgetary expectations and targeted performance metrics. Total revenues are at \$274.0 million or 51 percent of budget, operating expenses at \$222.9 million or 43 percent of budget, and capital disbursements at \$280.1 million or 45 percent of budget in the respective category. Preliminary year-end projections will be provided to the committee at their meeting in May.

Mr. Firestine inquired about DC Water's dispute with DC Government regarding the RFK Impervious Area Charges (IAC) and the District's reasoning for not making payment. Mr. Syed Khalil, Financial Planning Manager, explained that the dispute involved various Federal and District Government entities disputing ownership of the property. DC Water's Customer Service and General Counsel staff continues to work with all parties involved and management will continue to provide the Committee with will updates until resolved.

CASH AND INVESTMENTS

Mr. Robert Hunt, Finance Director, reviewed the cash balances in the various operating and reserve accounts of the Authority. As of March 31, 2015, the operating cash balance totaled \$169.5 million our debt reserve and construction funds totaled \$285.1 million, the total cash for all funds was \$454.6 million. The ending operating cash balance of \$146.0 million was well above the targeted reserve level of \$125.5 million. The investment portfolio is properly diversified and in compliance with the Authority's Investment Policy. The overall yield-to-maturity on cost of the portfolio is 0.42%.

Biosolids Management Program: Fiscal Impact Analysis

Mr. Mark Kim, Chief Financial Officer, explained that this presentation is an update from last month's Committee meeting. The presentation essentially details the Biosolids program fiscal impact from the 7-months delay of the digester project, with responses addressing 3 major questions from the committee:

1. Capital cost to build to date versus the capital budget
2. Hypothetical loss in savings from the delay
3. What costs are included in the operating and maintenance budget and what were the assumptions that went into the budget

Mr. Len Benson, Chief Engineer, and Mr. Walt Bailey, AGM - Wastewater Treatment, provided the update. Mr. Benson explained that the estimated cost of the delay was determined comparing the costs of operating the alternative lime system, which produced class B biosolids and the costs of operating the new Digester/CHP system, at a total cost of delay estimated at \$9.1 million.

Mr. Benson noted that the biosolids capital program costs in 2009 were estimated at about \$406.6 million including program management costs. As of FY 2015, the biosolids program cost is estimated to be about \$499.1 million. This is approximately 23 percent increase, but well within the benchmark guidelines as established by the American Association of Cost Engineers (chart presented in the slides). Most of the increase is attributable to the CHP segment, which increased from \$38 million in 2009 to the current \$98 million in 2015 due to scope change between the concept and final design associated with emissions regulatory requirements.

Mr. Bailey explained that the delay in operation has been estimated at about seven months, much of which is attributable to a late seeding of the Digesters. Mr. Bailey presented a summary of the assumptions made when developing the approved FY 2015 and 2016 operating budgets and a comparison to current estimates with the corresponding anticipated underspending for both fiscal years. The budget and current assumptions presented focused on budget line items for chemical use, biosolids production and hauling, contractual fees; and most significantly; power consumption, and on-site power generation through CHP. The variances in the estimates are based on these revised operations assumptions, FY 2015 ramp up delay, anticipated full biosolids operation in FY 2016, and the better-than-expected performance of the digesters and other new solids processing facilities. The impacts on operating budget, or anticipated underspending, were estimated at \$4 million and \$10.8 million in FY 2015 and 2016 respectively.

In response to Mr. Mallett's inquiry, if there are any federal standards set to classify between Class A & Class B biosolids, Mr. Benson reported that DC Water has met the Class A requirements (*E-coli levels below 1000*) and has started the certification process. Currently, DC Water is working with the Virginia Department of Environmental Quality to certify our results and accept our biosolids as a Class A product.

Mr. Hawkins, CEO/General Manager, responded to a question from Mr. Ortiz on the Class A distribution network. Mr. Hawkins stated that DC Water is currently in several pilot programs for developing several products options that can be used for free organic agricultural fertilizer and options for marketable products as well.

FY 2014 IMA Annual Operating Settlement

Mr. Kim introduced Annie Fulton-George, Capital Budget Manager, and commended her on her performance since transitioning from the Treasury & Debt team. One of Ms. Fulton-George's assigned tasks was to modify the IMA Annual Operating Settlement process. Mr. Kim stated that past practice for billing IMA customers was to base the bill on the approved budgets, which were much smaller at the time. Due to our budget increases this method has resulted in larger variances between what is budgeted versus actual performance. This method in turn led to the estimated bills to IMA suburban customers being overstated and resulted in larger refunds due. In FY 2012 and FY 2013, a total of \$8.9 million and \$9.3 million were overbilled respectively. DC Water has now revised its billing methodology to decrease this overbilling, have tighter budgeting and reduce the variances between the budget and actual performance. For FY 2014, the suburban customers were actually under billed by \$4.1 million. Staff will continue to work towards a target rate of 3 percent of the actual results billed to customers.

Electric Power Supply Strategy & Support

Mr. Kim introduced Mr. John Clark, and Mr. Eric Newell, of ConEdison Solutions (the Authority's service provider) presented details regarding DC Water's electricity power supply strategy. They also provided the Committee with a market performance update and reiterated ConEdison's role in supporting DC Water maintaining its electricity supply budget goals.

Action Items

The Committee members recommended moving the Substitute Letters of Credit for the Commercial Paper Program and Increase and Decrease of the Amounts by Series

Agenda for May Committee Meeting

With no changes recommended by the Committee, Chairperson Firestine approved the agenda for the May Committee meeting.

Follow-up Item

1. Provide policy and practices regarding billing disputes with DC Water's large IAC customers. **(Mr. Firestine)**
2. Will the RFK IAC dispute with the District lead to a refund liability to DC Water, if so, how much and who will be billed? **(Mr. Mallett)**

EXECUTIVE SUMMARY

Greetings to the Board! April is always a pivotal month for DC Water due to the public process we pursue concerning our proposed budget and associated retail rates. Because we have many new members of the Board, and even some veterans that may not be aware of this background, I provide a slightly longer than usual description of our Town Halls.

Town Halls

DC Water embarks in April each year on an essential part of both our budgeting process and our relationship with our retail customers – the DC Water Town Halls. Although DC Water has always conducted a public meeting, and some public forums, on our budget and rates – shortly after I joined as General Manager we decided to fundamentally rethink and rebuild the process. In prior years there were only a small number of forums, and the budget and rate presentation was made by the Chief Financial Officer. We decided that this was a priceless opportunity for our customers to meet me as the General Manager, and to expand the outreach to both explain our work and its worth, and also to enable our customers to meet a wide range of DC Water offices and employees in person.

The Town Hall process was born! The new design, which is evaluated and improved each year, is to host a Town Hall in every ward of the city in partnership with the ward councilmember. We invite all of our customers to attend with standard invitations – bill inserts, Facebook and twitter notices, and public announcements and press releases. We also work through the Mayor and Council offices to communicate in the community, as well as ANC commissioners and other civic associations that we know to have interest. More specifically, I record an invitation that goes out by “robocall” to anyone that has contacted us in the last few years.

The format of the Town Hall is now standardized. We select a venue located in each Ward in concert with recommendations from the council members. Most frequently, we meet in a community room in a church or school. At least 30 employees from DC Water are typically in attendance – organized by their office at tables around the perimeter of the room or the entrance hallway. Each office brings information about programs within their area – which includes Human Capital Management, Procurement, Water Services, Sewer Services, Engineering, Finance, Clean Rivers and the Office of the Board Secretary. We focus our materials on the relevant ward, and will typically have large scale maps indicating every existing and planned project that is located within the ward.

We ask that attendees sign-in on arrival, and each gets at least three pieces of information – supplemented by the vast array of information available at each table: 1) comment sheet on the meeting itself – location, time, notice, format; 2) brochure on the budget and rate proposal; and 3) notecards for questions and follow-up. Either the councilmember or a member of his/her staff usually opens the meeting and then turns the microphone over to me. I make a presentation that lasts about 30 minutes that is supported by a powerpoint slide show. My goal initially is to describe DC Water as an enterprise and the nature of our system. The middle portion is to describe our major goals and priorities. The final segment is to describe the proposed budget and then indicate very clearly the proposed changes to rates and fees, the consequence to an average single family bill, and then how our affordability programs can help. The presentation concludes with information about the formal public meeting held in May (May 13 this year) before the District members of the Board on the retail rate and fee proposal.

EXECUTIVE SUMMARY

The next part of the Town Hall is perhaps the most important. Some of my colleagues from DC Water walk through the audience and collect any questions that have been written on the cards. We ask people to write their questions down so that we can produce an accurate record of the meetings. We also ask customers to include contact information if they so choose, so we can follow-up with them if need be. Our pledge is to answer questions that evening (either me or one of the team in attendance), or to get back to a customer within 24 hours. To do the latter, obviously, they need to provide contact information.

A side benefit to using the cards is that I read the question to the audience and then provide the answer if I can. This process helps everyone hear the question, and also helps reduce some of the conflict that sometimes ensues when an customer presents the question personally. Frequently, a member of the audience will identify themselves when I read their question and have follow-up comments. While some of these customers have strong opinions – starting the conversation with my reading and answering reduces the level of open confrontation in many cases. We seek to answer every question we receive if we can, although in the most crowded forums we sometimes have to get back to a customer the next day. Finally, we try to leave 15-20 minutes at the end for customers to talk with me personally, or to visit the office tables before we depart. All told, we are there for more than 3 hours, although the formal part of the program is usually closer to 2 hours.

From feedback from my colleagues in the water field, DC Water is the only utility in the country that undertakes a public process of this nature. To me it is a fundamental obligation for any enterprise which seeks to gain the use of public funds. Moreover, while we often hear from customers who are not pleased with some interaction with DC Water – I also believe that the only way to resolve most of these issues is to hear about the problem directly, to be as open and honest in the answer as possible, to apologize in person if need be, and then develop a path forward to move on. Finally, while I believe DC Water has an excellent customer service program, we can always improve. The Town Halls provide a reality-check on our efforts, and at times, specific case studies for improvement.

I am personally grateful for the sensational team from DC Water that organizes these events – all the more impressive when I consider that we host 8 in four weeks, all in different venues and with different specific issues. In particular I want to thank the entire External Affairs operation under John Lisle, and at the risk of identifying any one person in particular – our Community Outreach Manager Emanuel Briggs for his leadership as the lead on point for the Town Halls.

At the end of March 2015, with approximately 50 percent of the fiscal year completed, we are on track with budgetary expectations and targeted performance metrics

Operating Revenues & Receipts

Cash receipts totaled \$274.0 million, or 50.5 percent of the revised FY 2015 budget of \$542.6 million. Several categories of customers make payments on a quarterly basis, including the Federal Government and wholesale customers.

Operating Expenditures

Operating expenditures (including debt service, the right of way and PILOT fees) totaled \$222.9 million, or 43.2 percent of the revised FY 2015 budget of \$516.0 million. These numbers include estimated, incurred but unpaid invoices and are subject to revision in subsequent reports.

Capital Disbursements

Capital disbursements totaled \$280.1 million, or 44.8 percent of the revised FY 2015 disbursements budget of \$625.3 million and lower than planned disbursements due to underspending across service areas.

Cash Reserves and Investments

The operating reserve balance was \$146 million as compared to the FY 2015 operating reserve level objective of \$125.5 million. The balance in the Rate Stabilization Fund Account remained unchanged at \$22.5 million since September 2014. The CSO LTCP Appropriations Account balance is \$20.9 million.

Overall Portfolio Performance

DC Water's total investment portfolio was in compliance with the Authority's Investment Policy. Returns exceeded the established benchmarks for short term (less than one year) and core (one plus years) funds. Grants Report

The Authority receives grants to fund a portion of its capital costs from the U.S. Environmental Protection Agency (EPA) under two acts, the Clean Water Act of 1972 and the Safe Drinking Water Act of 1974. As of March 31, 2015, including the CSO appropriation, DC Water has a total of \$336.8 million awarded in federal funds for active projects.

DC Water received sixteen separate Congressional CSO appropriations totaling \$210.8 million. This Updated Offering Memorandum amends and restates that certain Offering Memorandum of the District of Columbia Water and Sewer Authority (the “Authority”) dated May 26, 2010 (the “Original Offering Memorandum”), as such Offering Memorandum was amended and restated on April 5, 2013, and related to the continual issuance of the Notes (as hereinafter defined). This update is being provided in connection with the delivery of substitute Letters of Credit securing the payment of principal of and interest on the Notes, which Letters of Credit will expire on May [], 2020.

The Authority: The District of Columbia Water and Sewer Authority (the “Authority”), an independent authority of the District of Columbia Government (the “District”), was created in April 1996. The Authority began operating on October 1, 1996, under and pursuant to an act of the Council of the District of Columbia (the “Council”) entitled the “Water and Sewer Authority Establishment and Department of Public Works Reorganization Act of 1996,” (D.C. Law 11-111, codified as amended as D.C. Code Ann. § 34-2201.01 et seq. (2001)) and the acts amendatory thereof and supplemental thereto (the “Act”), and an act of the United States Congress entitled the “District of Columbia Water and Sewer Authority Act of 1996,” Pub.L. No. 104-184, (the “Federal Act”).

The Act created the Authority for the purpose of assuming full responsibility from the District for the financing, operating and the providing of essential retail water and wastewater services to approximately 650,000 people in the District and wholesale wastewater conveyance and treatment to approximately 1.6 million people in the suburban areas of Prince George’s and Montgomery Counties, Maryland and Fairfax and Loudoun Counties, Virginia, among others.

Significant users of the Authority’s services include the Washington Suburban Sanitary Commission (“WSSC”), Fairfax County, Virginia, the federal government, including several federal agencies such as the Department of Defense, the Department of the Navy, and the General Services Administration, and commercial and residential customers within the District.

The Authority is governed by a Board of Directors (the “Board”) that includes representatives from the District, Prince George’s and Montgomery Counties, Maryland, and Fairfax County, Virginia. Since its inception, the Authority has improved its financial performance and operations. Specifically, the Authority has developed and is implementing a ten-year, \$3.8 billion capital improvement program (the “CIP”) and has regularly raised its retail rates since 1996 to support this program. In accordance with Board policy, the Authority annually revises its comprehensive ten-year financial plan which provides financing for the CIP, required regulatory improvements and operating and maintenance expenses, while meeting Board policy requirements for cash reserves and debt service coverage.

Pursuant to the Act, the District has authorized the Authority to use all of the property and assets of the water distribution system (the “Water System”) and the sewage collection, treatment and disposal system (the “Sewer System” and together with the Water System, the “System”) formerly operated by the District’s Department of Public Works, Water and Sewer Utility Administration, for as long as any revenue bonds of the Authority remain outstanding. In accordance with the Act, the District retains full legal title to and a complete equitable interest in the System, but the System will remain under the uninterrupted control of the Authority for as long as any Authority debt remains outstanding.

One of the facilities comprising the Sewer System is the Blue Plains Wastewater Treatment Plant, the largest advanced wastewater treatment facility in the United States. This facility has the capacity to process 370 million gallons of wastewater per day. Wastewater conveyance, treatment and disposal services are provided to the District and to jurisdictions outside the District pursuant to several intermunicipal agreements. Wastewater collection services are primarily offered within the District.

Water transmission and distribution services are provided by the Authority primarily to the District. Pursuant to a Water Sales Agreement, the Authority purchases all of its water, fully treated, from the Washington Aqueduct, which is owned by the federal government and operated by the U.S. Army Corps of Engineers.

The ability to establish the Authority’s water and sewer rates rests solely with the Board, and neither the Council of the District of Columbia nor the United States Congress have any authority over the rate setting process.

Inquiries regarding information about the Authority and its financial matters contained in this Offering Memorandum may be directed to the Chief Financial Officer at (202) 787-2000.

Not all relevant information with respect to the operations of the Authority that may be necessary to analyze its current financial condition is included in this Offering Memorandum in light of the presence of the Letters of Credit, as described below. Investors should primarily consider the relevant Letter of Credit in assessing the Authority’s ability to repay the Notes promptly when due. See “**The Letters of Credit**” herein.

Issuance of the Notes: The Authority has issued and continues to issue its Commercial Paper Notes, Series B (Tax-Exempt) (the “Series B Notes”), in an aggregate principal amount not to exceed \$100,000,000 at any one time outstanding, and its Commercial Paper Notes, Series C (Taxable) (the “Series C Notes” and, together with the Series B Notes, the “Notes”) in an aggregate principal amount not to exceed \$50,000,000 at any one time outstanding. The Notes are issued pursuant to resolutions adopted by the Board on May 6, 2010, April 4, 2013, and May 7, 2015 (collectively, the “Resolution”), and an Issuing and Paying Agency Agreement dated as of June 1, 2010 (the “Issuing and Paying Agency Agreement”) between the Authority and U.S. Bank National Association, as successor in interest to Deutsche Bank Trust Company Americas (the “Issuing and Paying Agent”).

Amount of Notes: The Board has authorized the issuance of (i) Series A Notes in an aggregate principal amount not to exceed \$0 at any one time outstanding,* (ii) Series B Notes in an aggregate principal amount not to exceed \$100,000,000 at any one time outstanding, and (iii) Series C Notes in an aggregate principal amount not to exceed \$50,000,000 at any one time outstanding.

Plan of Finance: Proceeds of the Notes will be used to provide funds to pay (i) Costs of the System, (ii) obligations of the Bank under each Bank Note resulting from draws under the Letters of Credit, and (iii) the costs of issuance of the Notes.

Issuing and Paying Agent: U.S. Bank National Association, as successor in interest to Deutsche Bank Trust Company Americas, will act as Issuing and Paying Agent for the Notes.

Dealers: J.P. Morgan Securities LLC (the “CP Dealer”) will serve as commercial paper dealer for the offering of the Notes to qualifying investors, pursuant to the terms of the Commercial Paper Dealer Agreement between the Authority and the CP Dealer, dated as of June 1, 2010, as amended by the First Amendment to Dealer Agreement, dated as of May 1, 2015 (together, the “Dealer Agreement”).

Form and Terms of Notes: The Notes initially will be registered in the name of The Depository Trust Company (“DTC”) or Cede & Co., its nominee, and will be issued in denominations of \$100,000 or in additional increments of \$1,000. See APPENDIX A - INFORMATION REGARDING DTC AND THE BOOK-ENTRY ONLY SYSTEM. The Notes shall be dated and bear interest from their date of delivery at a rate per annum not in excess of the Maximum Rate, calculated on the basis of a 365- or 366-day year, as appropriate, and actual days elapsed as for the Series B Notes, and calculated on the basis of a 360-day year, actual days elapsed, as for the Series C Notes. The “Maximum Rate” means the maximum interest rate authorized by the Authority from time to time for the Notes and shall initially mean 12% per annum. The Notes will mature and become payable on such dates as an authorized representative of the Authority may establish at the time of issuance, provided that no Note shall mature or become payable more than 270 days from the date of issuance. No Note will mature fewer than 10 days prior to the expiration of the appropriate Letter of Credit delivered in connection with such Series of Notes, which expiration date is currently May [___], 2020. The Notes are not subject to redemption prior to maturity. The Notes will be sold at their par amount.

Exemption: The Notes are exempt from registration under the Securities Act of 1933, as amended.

Maturity Date: 1 to 270 days.

Interest Payment Dates: Interest on each Note is payable on the related Maturity Date.

* Accordingly, there will be no future offer or sale of any Series A Notes unless and until the Board authorizes an increase in the maximum aggregate principal amount of such Notes that may be outstanding at any one time, and such other actions necessary to facilitate the sale of any Series A Notes.

Defined Terms: Capitalized terms used in this Offering Memorandum and not defined herein have the meanings set forth in the Issuing and Paying Agency Agreement. See “Miscellaneous” herein.

Source of Payment for the Notes: The Notes will be secured by and payable solely from and secured by a subordinate lien on the Trust Estate, including but not limited to the Net Revenues, a lien on Pledged Funds, the income derived from the investment of any Pledged Funds, and other moneys that have been pledged as described in the Indenture and the Issuing and Paying Agency Agreement to secure payment thereof. “Pledged Funds” means (i) proceeds of the sale of the Notes deposited in the Commercial Paper Account, (ii) moneys held in the Construction Account, (iii) amounts on deposit in the appropriate Letter of Credit Account made available from draws under the appropriate Letter of Credit with respect to such Notes, and (iv) other legally available funds as shall be determined by the Authority and paid into the Commercial Paper Account, all of which are pledged by the Authority to the Issuing and Paying Agent under the Issuing and Paying Agency Agreement as security for the Notes and the Bank Note. “Trust Estate” means the money, investments, property and certain rights of the Authority thereto, including, without limitation, the Net Revenues, granted under the Indenture for certain holders of Authority debt, including holders of the Notes.

UNDER THE ACT AND THE FEDERAL ACT, THE NOTES ARE SPECIAL OBLIGATIONS OF THE DISTRICT PAYABLE SOLELY FROM AND SECURED BY A SUBORDINATE LIEN ON THE TRUST ESTATE, INCLUDING BUT NOT LIMITED TO THE NET REVENUES, A LIEN ON PLEDGED FUNDS, THE INCOME DERIVED FROM THE INVESTMENT OF ANY PLEDGED FUNDS, AND OTHER MONEYS THAT HAVE BEEN PLEDGED AS DESCRIBED IN THE INDENTURE AND THE ISSUING AND PAYING AGENCY AGREEMENT TO SECURE PAYMENT THEREOF. THE NOTES SHALL BE WITHOUT RECOURSE TO THE DISTRICT. THE NOTES SHALL NOT BE GENERAL OBLIGATIONS OF THE DISTRICT OR OF THE AUTHORITY. THE NOTES SHALL NOT BE A PLEDGE OF OR INVOLVE THE FAITH AND CREDIT OR THE TAXING POWER OF THE DISTRICT, SHALL NOT CONSTITUTE A DEBT OF THE DISTRICT, THE UNITED STATES OF AMERICA AND NEITHER THE DISTRICT NOR THE UNITED STATES SHALL BE LIABLE THEREON. THE NOTES ALSO SHALL NOT CONSTITUTE THE LENDING OF THE PUBLIC CREDIT FOR PRIVATE UNDERTAKINGS AS PROHIBITED BY THE HOME RULE ACT OF THE DISTRICT (AS DEFINED HEREIN). THE AUTHORITY HAS NO TAXING POWER.

No recourse shall be had for the payment of the principal of, premium, if any, or interest on the Notes or for any claim based thereon or upon any obligation, covenant or agreement in the Indenture or the Issuing and Paying Agency Agreement contained, against the Authority, any past, present or future member of its governing body, its officers, attorneys, accountants, financial advisors, agents or staff, or the officers, attorneys, accountants, financial advisors, agents or staff of any successor public entity, as such, either directly or through the Authority or any successor public entity, under any rule of law or penalty or otherwise.

Events of Default on the Notes. Each of the following events constitutes an “Event of Default” under the Issuing and Paying Agency Agreement:

- (a) Default in the payment of interest on any Note when it becomes due and payable; and
- (b) Default in the payment of principal of (or premium, if any, on) any Note when the same becomes due and payable.

Upon the happening and continuance of any Event of Default, if the Bank is then in default under its Letters of Credit, the holders of the Notes may take any one or more of the following steps:

(a) by mandamus or other suit, action or proceeding at law or in equity enforce all rights of the holders of the Notes, and require the Authority or the Issuing and Paying Agent to carry out any agreements with or for the benefit of the holders of the Notes and to perform its or their duties under the Act, the Letter of Credit and the Issuing and Paying Agency Agreement, including that the Issuing and Paying Agent immediately draw on the Letters of Credit and use the proceeds of the Drawings and, to the extent needed, other Pledged Funds, to repay the Notes at their respective stated maturities;

(b) by action or suit in equity require the Authority to account as if it were the trustee of an express trust for the holders of the Notes; or

(c) by action or suit in equity enjoin any acts or things which may be unlawful or in violation of the rights of the holders of the Notes.

The Letters of Credit. The Authority and Landesbank Hessen-Thüringen Girozentrale, New York Branch (the “Bank”), have entered into a Letter of Credit and Reimbursement Agreement, dated as of May 1, 2015, (the “Series B Reimbursement Agreement”) and the Authority (the Bank) have entered into a Letter of Credit and Reimbursement Agreement, dated as of May 1, 2015 relating to the Series C Notes (the “Series C Reimbursement Agreement” and, together with the Series B Reimbursement Agreement, the “Reimbursement Agreements”). In order to ensure timely payment of the principal of and interest on the Notes, at the Authority’s request, the Bank has issued a Letter of Credit for the Series B Notes (“Series B Letter of Credit”), and a Letter of Credit for the Series C Notes (“Series C Letter of Credit” and, together with the Series B Letter of Credit, the “Letters of Credit”) to the Issuing and Paying Agent as beneficiary pursuant to, and upon the terms and conditions stated in, the Reimbursement Agreements. On or before the date of maturity of any Note, the Issuing and Paying Agent shall draw on the appropriate Letter of Credit an amount equal to the principal amount and interest due on the related Notes maturing on such date. Pursuant to the Issuing and Paying Agency Agreement, all amounts received from any drawing on the Letters of Credit are required to be deposited in the applicable subaccount of the Letter of Credit Account established thereunder and held in trust and set aside exclusively for the payment of the related Notes for which such drawing was made, and the Issuing and Paying Agent is required to apply such amounts to the payment of the principal of and interest on such Notes, upon presentation for payment. The Series B Letter of Credit has been issued in a stated principal amount of up to \$100,000,000, and the Series C Letter of Credit has been issued in a stated principal amount of up to \$50,000,000, in each case with interest thereon at the Maximum Rate for the Maximum Term, each of which may be drawn upon by the Issuing and Paying Agent to pay the principal amount of and interest on the

applicable series of maturing Notes. Unless further extended, the current expiration date of each Letter of Credit is May [___], 2020.

The Authority will at all times maintain the Letters of Credit or other credit facilities (each a “Substitute Letter of Credit”) supporting all Outstanding Notes. Any Substitute Letter of Credit shall go into effect at least one Business Day prior to the termination of the Letter of Credit then in effect, and on the stated maturity of the then Outstanding Notes secured by such Letter of Credit. The termination date with respect to such substitute Letter of Credit shall be no earlier than the later of (i) six months after its date or (ii) the termination date set forth in such Letter of Credit then in effect. The Substitute Letter of Credit shall have a stated amount at least as great as the principal amount of Outstanding Commercial Paper Notes, plus interest at the Maximum Rate for the Maximum Term. Other conditions to the Issuing and Paying Agent’s ability to release an existing Letter of Credit and accept a Substitute Letter of Credit include: (1) the Authority shall deliver written notice of the proposed substitution to the Issuing and Paying Agent, the Bank and each Dealer not fewer than 25 days prior to the substitution date; (2) there shall be delivered to the Authority and the Issuing and Paying Agent written evidence from each rating agency then maintaining a rating on the Notes at the request of the Authority, that the substitution of such Letter of Credit will not, in and of itself, result in any rating then assigned to the Notes being suspended, reduced or withdrawn; and (3) the Issuing and Paying Agent shall deliver written notice to the holders of the Notes at least 15 days prior to the substitution date.

Substitute Date: May 18, 2015.

Maximum Rate: The Maximum Rate for the Notes is currently 12% per annum.

No opinion was or will be expressed by Co-Bond Counsel as to other tax consequences related to the ownership or disposition of, or accrual or receipt of interest on, the Series B Notes, including, specifically, whether the interest on the Series B notes is currently excluded from gross income for federal income tax purposes. Other than matters relating to the delivery of the Series B Letter of Credit reviewed by Co-Bond Counsel, Co-Bond Counsel has not been requested, nor has it undertaken to review any matters related to the validity, enforceability, or tax-exempt status of the Series B Notes or the interest thereon

APPENDIX A

INFORMATION REGARDING DTC AND THE BOOK-ENTRY ONLY SYSTEM

The description that follows of the procedures and record keeping with respect to beneficial ownership interests in the Notes, payments of principal, premium, if any, and interest on the Notes to DTC, its nominee, Participants, defined below, or Beneficial Owners, confirmation and transfer of beneficial ownership interests in the Notes and other bond-related transactions by and between DTC, Participants and Beneficial Owners is based solely on information furnished by DTC.

General. The Depository Trust Company, New York, New York (“DTC”) will act as securities depository for the Notes. The Notes will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee). One fully-registered Note will be issued for the Notes in the aggregate principal amount of each maturity, and will be deposited with DTC.

DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has Standard & Poor’s highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for such Notes on DTC’s records. The ownership interest of each actual purchaser of each Note (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchases. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Notes are to be accomplished by entries

made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Notes, except in the event that use of the book entry system for the Notes is discontinued.

To facilitate subsequent transfers, all Notes deposited by Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. The deposit of the Notes with DTC and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such Notes are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Neither DTC nor Cede & Co. will consent or vote with respect to the Notes. Under its usual procedures, DTC mails an Omnibus Proxy to the Authority as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Notes will be made to DTC. DTC's practice is to credit Direct Participants' accounts on the payable date in accordance with their respective holdings shown on DTC's records unless DTC has reason to believe that it will not receive payment on the payable date. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name, and will be the responsibility of such Participant and not of DTC or the Authority, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to DTC is the responsibility of the Authority, disbursement of such payments to Direct Participants shall be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners shall be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Notes at any time by giving reasonable notice to the Authority or the Issuing and Paying Agent. Under such circumstances, in the event that a successor securities depository is not selected, Note certificates are required to be printed and delivered. The Authority may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Note certificates will be printed and delivered.

So long as Cede & Co. is the registered owner of the Notes, as nominee for DTC, references herein to Bondholders or registered owners of the Notes (other than under the caption "OTHER INFORMATION - Tax Status of Interest on the Notes") shall mean Cede & Co., as aforesaid, and shall not mean the Beneficial Owners of the Notes.

When reference is made to any action which is required or permitted to be taken by the Beneficial Owners, such reference shall only relate to those permitted to act (by statute, regulation or otherwise) on behalf of such Beneficial Owners for such purposes. When notices are given, they shall be sent by the Issuing and Paying Agent to DTC only.

NEITHER THE AUTHORITY NOR THE ISSUING AND PAYING AGENT WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO DTC PARTICIPANTS, TO INDIRECT PARTICIPANTS, OR TO ANY BENEFICIAL OWNER WITH RESPECT TO (i) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC, ANY DTC PARTICIPANT, OR ANY INDIRECT PARTICIPANT; (ii) ANY NOTICE THAT IS PERMITTED OR REQUIRED TO BE GIVEN TO THE OWNERS OF THE NOTES UNDER THE IMPLEMENTING RESOLUTION; (iii) THE SELECTION BY DTC OR ANY DTC PARTICIPANT OR INDIRECT PARTICIPANT OF ANY PERSON TO RECEIVE PAYMENT IN THE EVENT OF A PARTIAL REDEMPTION OF THE NOTES; (iv) THE PAYMENT BY DTC OR ANY DTC PARTICIPANT OR INDIRECT PARTICIPANT OF ANY AMOUNT WITH RESPECT TO THE PRINCIPAL OR REDEMPTION PREMIUM, IF ANY, OR INTEREST DUE WITH RESPECT TO THE NOTES; (v) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC AS THE OWNER OF NOTES; OR (vi) ANY OTHER MATTER.

Section 2.03. Reimbursement of Drawings. The Authority agrees to pay to the Bank an amount equal to all amounts drawn under the Letter of Credit, payable without any requirement of notice or demand by the Bank on the day on which such drawing is paid. Notwithstanding the preceding sentence, if on the date of any Principal Drawing no Event of Default has occurred and is continuing and the representations and warranties made by the Authority herein are true and correct as if made on such day, the Authority shall not be required to pay to the Bank an amount equal to such Principal Drawing on the date of such Drawing but rather the Authority agrees to pay to the Bank with respect to the Principal Drawing, payable without any requirement of notice or demand by the Bank, on the first Business Day of the first month that is not less than six (6) months after the date of such Principal Drawing, and on the first Business Day of each sixth month thereafter, amounts sufficient, with interest thereon at the Bank Rate, to amortize the amount of such Principal Drawing in approximately equal semi-annual payments over the period ending on the 5th anniversary of the date of such Drawing, with the remaining outstanding amount of the Principal Drawing together with interest thereon as provided herein being due and payable on such 5th anniversary of the date of such Principal Drawing; provided, however, that upon issuance of Notes, the amount owed to the Bank pursuant to this Section shall be immediately paid to the Bank in an amount equal to the lesser of the amount outstanding under this Section and the principal amount of the Notes issued which is not used to repay Notes maturing on such date or to reimburse the Bank for amounts drawn under the Letter of Credit to repay such maturing Notes; and provided, further, that the amount owed to the Bank under this Section shall be due and payable in full on the date of delivery to the Paying Agent of any substitute letter of credit (as provided in the Resolution) in substitution for the Letter of Credit. On the date of each Principal Drawing the Authority shall be deemed to have made the representations and warranties set forth in Article IV as of such date. The amount of any Drawing hereunder which is not paid on the date of such Drawing together with interest thereon, as provided in this Section and Section 2.04, shall be herein referred to as a "Loan." For the avoidance doubt, the foregoing provisions under which, subject to certain conditions, the Authority is not required to reimburse the Bank

for a Principal Drawing on the date of such Drawing shall not be applicable to an Interest Drawing.

Section 2.04. Default Rate. The Authority agrees to pay to the Bank, interest on any and all amounts owed by the Authority under this Reimbursement Agreement from and after the earlier of (a) the occurrence of an Event of Default and (b) the date such amounts are due and payable but not paid until payment thereof in full, at a fluctuating interest rate per annum (computed on the basis of the actual number of days elapsed and a year of 365/366 days, as applicable) equal to the Bank Rate plus three percent (3.00%) (the “*Default Rate*”).

Section 2.05. Fees. On the Date of Issuance, the Authority and the Bank shall execute the Fee Letter pursuant to which the Authority agrees to pay certain fees to the Bank and reimburse the Bank for certain expenses. The Authority covenants and agrees to pay such fees and expenses to the Bank.

Section 2.06. Costs, Expenses and Taxes. The Authority agrees to pay on demand all out-of-pocket costs and expenses of the Bank in connection with the negotiation, execution, delivery, administration and enforcement of this Reimbursement Agreement, the Related Documents and such other documents which may be delivered in connection with this Reimbursement Agreement plus the reasonable fees and expenses of counsel to the Bank with respect to advising the Bank as to its rights and responsibilities under this Reimbursement Agreement and the Related Documents and all costs and expenses, if any, in connection with the enforcement of this Reimbursement Agreement, the Related Documents and such other documents which may be delivered in connection with this Reimbursement Agreement. In addition, the Authority shall pay any and all stamp and other taxes and fees payable or determined to be payable in connection with the execution, delivery, filing and recording of this Reimbursement Agreement, the Related Documents and such other documents and agrees to save the Bank harmless from and against any and all liabilities with respect to or resulting from any delay in paying or omission to pay such taxes and fees.

Section 2.07. Increased Costs; Reduced Return.

- (a) If any Change in Law shall:
 - (i) subject the Bank to any tax, charge, fee, deduction or withholding of any kind with respect to this Reimbursement Agreement or the Letter of Credit, or any amount paid or to be paid by the Bank as the obligor under the Letter of Credit (other than any tax measured by or based upon the overall net income of the Bank);
 - (ii) impose, modify or deem applicable any reserve, premium, special deposit or similar requirements against any assets held by, deposits with or for the account of, or loans, letters of credit or commitments by, an office of the Bank;
 - (iii) change the basis of taxation of payments due the Bank under this Reimbursement Agreement or the Letter of Credit (other than a change in taxation of the overall net income of the Bank); or
 - (iv) impose upon the Bank any other condition with respect to such amount paid or payable to or by the Bank or with respect to this Reimbursement Agreement or the Letter of Credit,

and the result of any of the foregoing is to increase the cost to the Bank of agreeing to enter into (or participate in), entering into (or participating in), making any payment under or maintaining this Reimbursement Agreement or the Letter of Credit to reduce the amount of any payment (whether of

principal, interest or otherwise) receivable by the Bank or to require the Bank to make any payment on or calculated by reference to the gross amount of any sum received by it, in each case by an amount which the Bank in its reasonable judgment deems material, then:

(A) The Bank shall promptly notify the Authority in writing of the happening of such event;

(B) The Bank shall promptly deliver to the Authority a certificate stating the change which has occurred or the reserve requirements or other costs or conditions which have been imposed on the Bank or the request, direction or requirement with which it has complied together with the date thereof, the amount of such increased cost, reduction or payment and the way in which such amount has been calculated, including a reasonably detailed calculation, and the determination of such amounts by the Bank absent fraud or manifest error, shall be conclusive; and

(C) The Authority shall pay to the Bank, from time to time as specified by the Bank, such an amount or amounts as will compensate the Bank for such additional cost, reduction or payment, together with interest on such amount from, but including, the day specified by the Bank for payment, at the Bank Rate.

(b) In addition to the foregoing, if after the date of this Reimbursement Agreement the Bank shall have determined that a Change in Law has or would have the effect of reducing the rate of return on the capital of the Bank to a level below that which the Bank could have achieved but for such adoption, change or compliance (taking into consideration the policies of the Bank with respect to capital adequacy) by an amount deemed by the Bank to be material, or affects or would affect the amount of capital required or expected to be maintained by the Bank or any corporation controlling the Bank by an amount deemed by the Bank to be material, as a consequence of its obligations under this Reimbursement Agreement or the Letter of Credit, then from time to time the Authority shall be obligated to pay or cause to be paid to the Bank such additional amount or amounts as will compensate the Bank for such reduction or capital increase with respect to any period for which such reduction or capital increase was incurred upon demand by the Bank, together with interest on such amount for each day from such date of demand until payment in full at the Bank Rate. A certificate setting forth in reasonable detail such reduction in the rate of return on capital, or such capital increase, of the Bank as a result of any event mentioned in this paragraph shall be submitted by the Bank to the Authority and such certificate shall, in the absence of fraud or manifest error, be conclusive as to the amount thereof.

(c) Notwithstanding anything in this Section to the contrary, if such costs are to be incurred on a continuing basis by the Bank and the Bank shall so notify the Authority in writing as to the amount thereof, such costs shall be paid by the Authority to the Bank monthly in arrears.

(d) The protections of this Section 2.07 shall be available to the Bank regardless of any possible contention of invalidity or inapplicability of the law, regulation or condition which has been imposed; provided, however, that if it shall be later determined that any amount so paid by the Authority pursuant to this Section 2.07 is in excess of the amount payable under the provisions of this Agreement, the Bank shall refund such excess amount to the Authority.

(e) The Authority shall not be required to compensate the Bank pursuant to this Section for any increased costs incurred or reductions suffered more than six months prior to the

date that the Bank notifies the Authority of the Change in Law giving rise to such increased costs or reductions and of the Bank's intention to claim compensation therefor (except that, if the Change in Law giving rise to such increased costs or reductions is retroactive, then the six-month period referred to above shall be extended to include the period of retroactive effect thereof).

Section 2.08. Method of Payment. All payments by the Authority to the Bank hereunder or under the Fee Letter shall be nonrefundable and made in lawful currency of the United States and in immediately available funds. Amounts payable to the Bank hereunder or under the Fee Letter shall be transferred to the Bank's account specified on its signature page hereto (or to such other account of the Bank as the Bank may specify by written notice to the Authority and the Paying Agent) not later than 1:00 p.m., New York, New York time, on the date payment is due. Any payment received by the Bank after 1:00 p.m., New York, New York time, shall be deemed to have been received by the Bank on the next Business Day. If any payment hereunder is due on a day that is not a Business Day, then such payment shall be due on the immediately succeeding Business Day.

Section 2.09. Maintenance of Accounts. The Bank shall maintain in accordance with its usual practice an account or accounts evidencing the indebtedness of the Authority and the amounts payable and paid from time to time hereunder. In any legal action or proceeding in respect of this Reimbursement Agreement, the entries made in such account or accounts shall be presumptive evidence of the existence and amounts of the obligations of the Authority therein recorded. The failure to record any such amount shall not, however, limit or otherwise affect the obligations of the Authority hereunder to repay all amounts owed hereunder, together with all interest accrued thereon as provided in this Article II.

Section 2.10. Cure. The Authority agrees to pay to the Bank on demand any amounts advanced by or on behalf of the Bank to the extent required to cure any default, event of default or event of nonperformance under this Reimbursement Agreement or any Related Document. The Bank shall give the Authority reasonably prompt notice of any such advances. The Bank shall have the right, but not the obligation, to cure any such default, event of default or event of nonperformance.

Section 2.11. Withholding. All payments of principal, interest and any other sums due hereunder shall be made in the amounts required hereunder without any reduction or setoff, notwithstanding the assertion of any right of recoupment or setoff or of any counterclaim by the Authority, and without any withholding on account of taxes, levies, duties or any other deduction whatsoever. If the Authority is required by law to withhold or deduct any sum from payments required under this Reimbursement Agreement, the Authority shall, to the extent permitted by applicable law, increase the amount paid by it to the Bank, so that, after all withholdings and deductions, the amount received by the Bank shall equal the amount the Bank would have received without any such withholding or deduction.

Section 2.12. Bank Note.

(a) The Loans of the Bank shall be evidenced by a single promissory note payable to the order of the Bank in an amount equal to the aggregate unpaid principal amount of the Bank's Loans.

(b) The Bank shall record the date, amount and maturity of each Loan made by it and the date and amount of each payment of principal made by or on behalf of the Authority with respect thereto, and prior to any transfer of the Bank Note shall endorse on the schedule forming a part thereof appropriate notations to evidence the foregoing information with respect to each such Loan then outstanding; provided that the failure of the Bank to make any such recordation or endorsement shall not affect the obligations of the Authority hereunder or under the Bank Note.

The Bank is hereby irrevocably authorized by the Authority to endorse the Bank Note and to attach to and make a part of the Bank Note a continuation of any such schedule as and when required.

Section 2.13. Prepayment. Any Loan may be prepaid in whole or in part (but only in the amount of \$1,000,000 and integral multiples of \$1,000 in excess thereof) at any time without penalty or premium on one Business Day's prior written notice from the Authority to the Bank and by payment of such amounts to the Bank.

Section 2.14. Reductions of Stated Amount and Termination of the Letter of Credit.

(a) The Stated Amount may be permanently reduced from time to time or terminated by the Authority upon five Business Days' prior written notice of such reduction or termination given by the Authority to the Bank; provided, that (i) each such reduction shall be in an amount equal to the lesser of (A) \$1,000,000 or any integral multiple in excess thereof and (B) the Stated Amount, (ii) the Stated Amount of the Letter of Credit shall not be reduced below an amount equal to the sum of the outstanding amount of the Loan plus the principal amount of Notes outstanding plus interest on such principal amount of Notes computed at 12% per annum for a period of 90 days and (iii) the Authority first pays to the Bank all fees and expenses payable by the Authority to the Bank hereunder and under the Fee Letter, including any reduction fee then due and payable.

(b) Notwithstanding any provision to the contrary to the Resolution, the Master Indenture or the Issuing and Paying Agency Agreement, the Authority agrees to (i) provide at least two (2) Business Days' prior notice to the Bank of its intention to replace or terminate the Letter of Credit, (ii) in the case of a substitution for the Letter of Credit with a substitute letter of credit, first pay to the Bank the outstanding amount of the Loans, including accrued and unpaid interest thereon, and (iii) in the case of any Termination Date, pay on the Termination Date all fees and expenses payable by the Authority to the Bank hereunder and under the Fee Letter.

Section 2.15. Maximum Lawful Rate.

(a) If the amount of interest payable for any period in accordance with terms hereof exceeds the amount of interest that would be payable for such period had interest for such period been calculated at the Maximum Lawful Rate, then interest for such period shall be payable in an amount calculated at the Maximum Lawful Rate for such period.

(b) Any interest that would have been due and payable for any period but for the operation of Section 2.15(a) shall accrue and be payable as provided in this paragraph (b) and shall, less interest actually paid to the Bank for such period, constitute the "Excess Interest Amount." If there is any accrued and unpaid Excess Interest Amount as of any date then the principal amount with respect to which interest is payable shall bear interest at the Maximum Lawful Rate, until payment to the Bank of the entire Excess Interest Amount.

(c) Notwithstanding the foregoing, to the extent permitted by applicable law, on the date on which no principal amount hereunder remains unpaid, the Authority shall pay to the Bank a fee equal to any accrued and unpaid Excess Interest Amount.

To induce the Bank to enter into this Reimbursement Agreement and to issue the Letter of Credit, the Authority hereby represents and warrants to, and agrees with, the Bank as follows (which representations, warranties and agreements shall survive the execution and delivery of this Reimbursement Agreement and the issuance of the Letter of Credit).

Section 4.01. Status. The Authority (a) is duly organized and validly existing as an independent authority of the government of the District of Columbia, (b) is qualified or licensed to transaction business in the District of Columbia and each jurisdiction in which the nature of the business conducted by it makes such qualification necessary, (c) has full power and authority to own its properties, operate the System and carry on its business as now conducted, including the autonomy to set rates for its services and (d) has all requisite power and authority to execute and deliver, and to perform its obligations under, this Reimbursement Agreement and the Related Documents to which it is a party and to issue, execute and deliver the Notes and the Bank Note.

Section 4.03. Enforceability. Assuming due authorization, execution and delivery by each of the other parties thereto, each of this Reimbursement Agreement and the Related Documents to which the Authority is a party constitutes, and the Notes when issued will constitute, the legal, valid and binding obligation of the Authority enforceable against the Authority in accordance with its respective terms, except as such enforceability may be limited by the Authority's bankruptcy, moratorium, insolvency or similar laws or equitable principles relating to or limiting the rights of creditors generally. Each of the Related Documents is or will be on the Date of Issue in full force and effect.

Section 4.04. No Conflict. The execution and delivery of this Reimbursement Agreement and the Related Documents and the performance by the Authority of its obligations hereunder and thereunder do not and will not violate any constitutional provision or any law, including, without limitation, any usury law, or any regulation, order, writ, injunction or decree of any court or governmental body, agency or other instrumentality applicable to the Authority, or result in a breach of any of the terms, conditions or provisions of, or constitute a default under, or result in the creation or imposition of any lien (other than the lien of the Master Indenture) upon any of the assets of the Authority pursuant to the terms of, any ordinance, resolution, mortgage, indenture, agreement or instrument to which the Authority is a party or by which it or any of its properties is bound.

Section 4.05. Consents. All consents, licenses, approvals, validations and authorizations of, and registrations, validations or declarations by or with, any court or any Governmental Authority, bureau or agency required to be obtained in connection with the execution, delivery, performance, validity or enforceability of this Reimbursement Agreement and the other Related Documents (including the Notes) have been obtained and are in full force and effect.

Section 4.06. No Litigation. Except as disclosed in the Offering Memorandum [confirm the Offering Memorandum incorporates information on litigation], there is no action, suit, proceeding, inquiry or investigation before or by any court, public board or body pending or, to the best knowledge of the Authority, threatened against or affecting the Authority or the System wherein an unfavorable decision, ruling or finding would have a material adverse effect on the properties, business, condition (financial or other), results of operations or prospects of the Authority, the System or the transactions contemplated by this Reimbursement Agreement, the Bank Note or the other Related Documents, or which would adversely affect the validity or enforceability of, or the authority or ability of the Authority to perform its obligations under, this Reimbursement Agreement or any other Related Document to which it is a party.

Section 4.07. Default. No Event of Default or Default has occurred and is continuing.

Section 4.08. Disclosure. There is no fact known to the Authority which the Authority has not disclosed to the Bank in writing which materially adversely affects or, so far as the Authority can now reasonably foresee, is likely to materially adversely affect the ability (financial or otherwise) of the Authority to perform its obligations hereunder or under the Related

Documents. The Notes and the Bank Note and the lien securing the Notes and the Bank Note are each on a parity with all Subordinate Debt. There is no Lien on the moneys, investments, property and certain rights of the Authority thereto granted, pursuant to the Master Indenture, as security for the holders of Senior Debt and, on a subordinate basis, Subordinate Debt (the “Trust Estate”) other than the Liens created by or pursuant to the Master Indenture. The Master Indenture does not permit the issuance of any Debt secured by the Trust Estate to rank senior to the Notes and the Bank Note, other than Senior Debt issued and to be issued under the Master Indenture. No filing, registering, recording or publication of the Master Indenture, the Resolution or the Issuing and Paying Agency Agreement or any other instrument is required to establish the pledge under the Master Indenture or the pledge under the Issuing and Paying Agency Agreement or to perfect, protect or maintain the Lien created thereby on the Trust Estate, including the Net Revenues, in the case of the Master Indenture, or on the Pledged Funds, in case of the Issuing and Paying Agency Agreement, to secure the Notes and the Bank Note.

Section 4.11. Employment Benefit Plan Compliance. Except to the extent not reasonably expected to result, either singly or in the aggregate, in liability to the Authority, (a) each Employee Benefit Plan has been operated in substantial compliance with its terms and with all applicable provisions and requirements of the Code and all other applicable federal, state, and local laws, (b) the Authority have performed all its obligations under each Employee Benefit Plan and (c) the accrued benefit obligations of each Employee Benefit Plan (based on those assumptions used to fund such Employee Benefit Plan) with respect to all current and former participants do not exceed the assets of such Employee Benefit Plan. No Benefit Plan Event or similar event has occurred or is reasonably expected to occur that could reasonably result, either singly or in the aggregate with all other such Benefit Plan Events and similar events, in liability to the Authority. Each of the Employee Benefit Plans is a “governmental plan” (as defined in Section 3(32) of ERISA). None of the Employee Benefit Plans is subject to ERISA.

Section 4.12. Financial Statements. As of the date hereof, the audited balance sheets of the Authority as of September 30, 2014 and the related statements of revenues, expenses and changes in retained earnings, and cash flows, of the Authority for the Authority’s fiscal year then ended, and the accompanying footnotes thereon, dated September 30, 2014, of KPMG LLP, independent certified public accountants, copies of which have been delivered to the Bank, are complete and correct and fairly present

the financial condition of the Authority as at such dates, for the periods covered by such statements, all in conformity with generally accepted accounting principles consistently applied. Since September 30, 2014, there has been no material adverse change in the condition (financial or otherwise), business or operations of the Authority.

Section 4.13. No Proposed Legal Changes. There is no amendment, or to the knowledge of the Authority, proposed amendment certified for placement on a ballot within the District of Columbia or any District of Columbia law, or any legislation that has passed either house of the United States Congress, or any published judicial decision interpreting any of the foregoing, the effect of which is to materially adversely affect the Notes or the Authority's ability to perform its obligations under this Reimbursement Agreement, the Notes, and the other Related Documents.

Section 4.14. Margin Stock. No portion of the proceeds of any Notes will be used by the Authority (or the Trustee or Paying Agent or any other Person on behalf of the Authority) for the purpose of "purchasing" or "carrying" any margin stock or used in any manner which might cause the borrowing or the application of such proceeds to violate Regulation U issued by the Board of Governors of the Federal Reserve System or any other regulation of said Board of Governors or to violate the Securities Exchange Act of 1934, as amended, in each case as in effect on the date or dates of such use of proceeds.

Section 4.15. Permitted Investments. The Authority has neither made any investment nor entered into any agreements for the purpose of effecting any investment which are not permitted to be made by it pursuant to its investment guidelines, the Master Indenture or any other Related Document.

Section 4.16. Environmental Laws. Except as disclosed in writing to the Bank, the Authority has not received notice to the effect that the operations of the System are not in compliance with Environmental Laws.

Section 4.17. Insurance. The Authority currently maintains insurance coverage with insurance companies believed to be responsible by the Authority (as determined in its reasonable discretion) against such risks and in such amounts as is customarily maintained by companies or other entities similarly situated to the Authority and operating like properties and businesses to that of the Authority.

Section 4.18. Anti-Corruption Laws and Sanctions. The Authority has implemented and maintains in effect policies and procedures designed to ensure compliance by the Authority and its directors, officers, employees and agents with Anti-Corruption Laws and applicable Sanctions, and the Authority and its officers and employees and, to the knowledge of the Authority, its directors and agents, are in compliance with Anti-Corruption Laws and applicable Sanctions in all material respects. None of the Authority or any of its officers or employees is a Sanctioned Person. Neither the Letter of Credit nor the use of proceeds thereof or any other transaction contemplated by this Agreement will violate Anti-Corruption Laws or applicable Sanctions.

(b) The Authority shall not amend, supplement or otherwise modify (or permit any of the foregoing), or request or agree to any consent or waiver under, or effect or permit the cancellation, acceleration or termination of, or (except as otherwise permitted under the Related Documents) release or permit the release of any collateral held under any of the Related Documents which is not otherwise contemplated by, or permitted pursuant to the terms of, any of the Related Documents, without the prior written consent of the Bank; provided, however, that the consent of the Bank shall not be required with respect to (i) amendments, supplements and modifications to the Related Documents which do not require consent of Bondholders pursuant to clauses (a), (b), (c), (f), (g) or (h) of Section 1001 of the Master Indenture, but the Authority shall provide prior written notice of any such amendments, supplements and modifications to the Bank, and (ii) supplements entered into solely for the purpose of providing for the issuance of a series of bonds pursuant to the Master Indenture.

Section 5.03. Access to Books and Records; Reporting Requirements. (j) from time to time such additional information regarding the financial position,

operations, business or prospects of the Authority and regarding the System as the Bank may reasonably request.

As and to the extent the information required by this Section 5.03 has been properly and timely filed with the Municipal Securities Rulemaking Board through its Electronic Municipal Market Access System, the Authority will be deemed to have complied with the provisions of this Section; provided, however, that (y) the Authority shall have delivered written notice to the Bank of such filing and (z) the Bank has access to the information so filed.

Section 5.04. Compliance with Laws. The Authority shall comply with all laws, ordinances, orders, rules and regulations (including, without limitation, all Environmental Laws) that may be applicable to it and the System, if the failure to comply could have a material adverse effect on the security for any of the Notes or the Bank Note, or the Authority's ability to repay when due its obligations under this Reimbursement Agreement, any of the Notes, and the Related Documents unless the same is being contested in good faith and by appropriate proceedings and such contest shall operate to stay the material adverse effect of such failure to comply.

Section 5.05. Notices. In addition to and not in substitution of its obligation to furnish any other notice hereunder, the Authority will promptly furnish, or cause to be furnished, to the Bank (i) notice of the occurrence of any Event of Default, (ii) notice of the failure by any Dealer, the Paying Agent or the Trustee to perform any of its obligations under the Dealer Agreement or the Master Indenture, (iii) notice of any proposed substitution of this Reimbursement Agreement, and (iv) each notice required to be given to the Bank pursuant to the Master Indenture, the Resolution or the Issuing and Paying Agency Agreement.

Section 5.06. Certain Information. The Authority shall not include in an offering document for the Notes any information concerning the Bank that is not supplied in writing, or otherwise consented to, by the Bank expressly for inclusion therein. The Authority agrees to provide to the Bank, in writing, all information and notices it is required to provide to the Municipal Securities Rulemaking Board (the "MSRB") in accordance with Securities and Exchange Commission Rule 15(c)2-12, simultaneously with the providing thereof to the MSRB.

Section 5.07. Liquidity. The Authority agrees to use best efforts to obtain a Substitute Credit Facility in the event (i) the Bank shall decide not to extend the Expiration Date pursuant to Section 8.02, (ii) the Authority terminates the Letter of Credit pursuant to Section 2.14, (iii) the Bank shall furnish a Notice of Termination Date to the Tender Agent and the Trustee or (iv) a No-Issuance Notice is delivered. The Authority agrees that, with respect to any Substitute Credit Facility, the Authority will require, as a condition to its effectiveness, that all unreimbursed Drawings and Loans shall be repaid in full. The Authority shall not permit a Substitute Credit Facility to become effective with respect to fewer than all of the Notes without the prior written consent of the Bank.

Section 5.08. Appointment of Successors and Replacements. The Bank hereby consents to the appointment of J.P. Morgan Securities LLC as the Dealer for the Notes. So long as this Reimbursement Agreement is in effect and the Bank has not wrongfully failed to honor a Drawing under the Letter of Credit, the Authority will not permit the appointment of a successor Trustee, Paying Agent or Dealer unless the Authority has obtained the prior written consent of the Bank, which consent shall not be unreasonably withheld. If any Dealer or successor Dealer fails to sell Notes for sixty (60) consecutive days, then the Authority agrees, at the written request of the Bank to cause such Dealer to be replaced with a Dealer reasonably satisfactory to the Bank. The Authority shall use all commercially reasonable efforts to have a Dealer and an Issuing and Paying Agent in place at all times while this Reimbursement Agreement is in effect or the Bank Note is outstanding.

Section 5.09. Maintenance of Franchises. The Authority will maintain, or cause to be maintained, all licenses and franchises, required by the District of Columbia or any other Governmental Authority for operation of the System and the sale of water to customers, the loss of which would have or, could reasonably be expected to result in, a material adverse effect regarding the financial position, operations, business or prospects of the Authority or the System.

Section 5.10. Accounting Methods and Fiscal Year. The Authority will not adopt, permit or consent to any change in its established fiscal year without giving the Bank written notice thereof.

Section 5.11. Employment Benefit Plans.

(a) Except as would not reasonably be expected to result, either singly or in the aggregate, in material liability to the Authority, the Authority shall do each of the following: (i) maintain each Employee Benefit Plan in compliance with the applicable provisions of the Code and all other applicable federal, state and local laws; (ii) cause each Qualified Plan to maintain its qualified status under Section 401(a) of the Code; (iii) timely make all required contributions to each Employee Benefit Plan; (iv) ensure that all liabilities under each Employee Benefit Plan are (A) funded to at least the minimum level required by law and, to the extent applicable, by the terms governing such Employee Benefit Plan, (B) insured with a reputable insurance company, or (C) provided for or recognized to the extent required by applicable accounting standards in the most recent annual audit report; and (v) ensure that the contributions or premium payments to or in respect of each Employee Benefit Plan is and continues to be promptly paid at no less than the rates required under applicable law and in accordance with the most recent actuarial advice received in relation to such Employee Benefit Plan and any order, rule or regulation of any court or other agency of government applicable to such Employee Benefit Plan.

(b) Except as would not reasonably be expected to result, either singly or in the aggregate, in material liability to the Authority, the Authority shall not terminate any Qualified Plan.

(c) The Authority shall provide to the Bank as soon as possible, and in any event within 10 days after the Authority knows or has reason to know of the occurrence of any Benefit Plan Event or similar event with respect to any Employee Benefit Plan that could result in a material liability to such Employee Benefit Plan or to the Authority, a statement of the chief financial officer of the Authority describing such event and the action, if any, that the Authority proposes to take with respect thereto.

(d) Other than an Employee Benefit Plan in existence on the date of this Agreement and other than as required by law, the Authority shall not adopt, establish, participate in, or incur any obligation to contribute to, any Employee Benefit Plan or incur any liability to provide post-retirement welfare benefits to the extent such obligations or unfunded liabilities could reasonably be expected to result in a material adverse effect on the financial condition of the Authority or on the ability of the Authority to perform its obligations hereunder.

Section 5.12. Additional Obligations. The Authority shall not issue any bonds, notes or similar obligations or evidence of indebtedness payable from the Net Revenues or any other amounts, accounts or other property held under the Master Indenture except as permitted by the Master Indenture.

Section 5.13. Permitted Liens. The Authority shall not sell or dispose of or create any Lien on the System or create or incur or permit to exist any Lien on the Trust Estate, the Net Revenues on deposit in the Subordinate Fund or any other funds, accounts or other property held under the Master Indenture.

Section 5.14. Provisions to Facilitate Payments. Subject to Section 602 of the Master Indenture, the Authority shall cause to be included in each annual budget of the Authority reasonable provisions for the payment of all amounts due and estimated to become due with respect to the Notes and all obligations payable to the Bank under this Reimbursement Agreement, the Fee Letter and the other Related Documents during the fiscal year of the Authority covered by such budget. To the extent estimates are used, such estimates shall be made by the Authority in good faith and shall be based upon reasonable estimates of the amount of Senior Debt and Subordinate Debt expected to be outstanding, the Revenues and Operating Expenses anticipated to be received and paid for such fiscal year, and the interest rates reasonably expected to be charged during the coming fiscal year for the remaining term of the Senior Debt and Subordinate Debt. To the extent that amounts actually due and payable to the Bank under this Reimbursement Agreement, the Fee Letter and the other Related Documents in any fiscal year exceed the amounts estimated and/or available therefrom in an annual budget of the Authority for such Fiscal Year, the Authority shall take, or cause to be taken, as promptly as possible, all such actions (including, without limitation, amendments of such annual budget) as may be required to permit and facilitate the expenditure of additional moneys from all sources legally available for the payment of such amounts.

Section 5.15. Taxes and Liabilities. The Authority will pay, or cause to be paid, all Indebtedness of the Authority and the System promptly and in accordance with the terms thereof and to pay and discharge, or cause to be paid and discharged, promptly all taxes, assessments, and governmental charges or levies imposed upon it or the System, including income and profits, or upon any of its property, real, personal, or mixed, or upon any part thereof, before the same shall become in default, except for those matters which are reasonably being contested in good faith by appropriate action or proceedings or for which the Authority has established adequate reserves in accordance with GAAP.

Section 5.16. Payment of Fees. The Authority hereby agrees that fees and other amounts payable to the Bank (other than principal and interest on unreimbursed Drawings or the Bank Note) shall constitute Operating Expenses pursuant to the Master Indenture and, pursuant to Section 604(c) of the Master Indenture, will be paid from the Operating Reserve Fund when due. The Authority further agrees that to the extent sufficient funds are not available in the Operating Reserve Fund to pay such fees and other amounts when due for any reason, the Authority will immediately pay or cause to be paid such fees and other amounts from available funds of the Authority.

Section 5.17. Maintenance of Existence; No Merger. The Authority shall preserve and maintain its existence as an independent authority of the District of Columbia and to perform its obligations under this Reimbursement Agreement and the Related Documents. The Authority will at all times maintain the System, or within the limits of its authority cause the same to be maintained, in good condition and working order and will operate the same, or cause the same to be operated, in an efficient and economical manner at a reasonable cost and in accordance with sound business principles. In operating and maintaining the System, the Authority will comply with all contractual provisions and agreements entered into by it and with all valid rules, regulations, directions or orders of any governmental, administrative or judicial body or other Governmental Authority promulgating same, except for any noncompliance that, individually or in the aggregate, could not reasonably be expected to have a material adverse effect upon the Authority's business, operations, assets or financial condition. The Authority shall not consolidate with or merge into another Person or permit one or more other Persons to consolidate with or merge into it or acquire all or substantially all of the property and assets of any other Person if, at the time of such consolidation, merger, or acquisition the resulting or surviving entity fails to assume, by written document in form and substance satisfactory to the Bank, all the obligations of the Authority under this Reimbursement Agreement or the benefits of any Related Document fail to extend to the performance by such resulting or surviving entity of the Authority's obligations under this Reimbursement Agreement.

Section 5.18. Use of Proceeds. The Authority shall use the proceeds of the Notes for the purposes set forth in the Master Indenture.

Section 5.19. Further Assurances. The Authority shall execute, acknowledge where appropriate, and deliver, and cause to be executed, acknowledged where appropriate, and delivered, from time to time promptly at the reasonable request of the Bank, all such instruments and documents as in the reasonable judgment of the Bank are necessary to effectuate the intention of this Reimbursement Agreement and the other Related Documents.

Section 5.20. Investment Guidelines. The Authority will:

(a) promptly notify the Bank in writing of any changes proposed to the Authority's written investment policies or guidelines (the "Investment Guidelines") if the proposed change would increase the types of investments permitted by such Investment Guidelines.

(b) promptly notify the Bank in writing, after the adoption thereof by the Authority, of any change in the Investment Guidelines, which change increases the types of investments permitted by the Investment Guidelines and of which change the Bank was not previously notified pursuant to clause (a) above.

(c) within ten (10) Business Days of the adoption of any resolution of the Authority's Board amending its financing policies or financial practices or any provision or portion thereof, send a copy of such resolution to the Bank.

Section 5.21. Exempt Status. To the extent that the interest on the Notes is intended to be excludable from the gross income of the holders thereof for purposes of federal income taxation, the Authority shall not take any action or omit to take any action that, if taken or omitted, would adversely affect the excludability of interest on the Notes from the gross income of the holders thereof for purposes of federal income taxation.

Section 5.22. Regulation. The Authority covenants and agrees that no proceeds of any Drawing shall be used, by or on behalf of the Authority, directly or indirectly to purchase or carry any margin stock (within the meaning of Regulation U of the Board of Governors of the Federal Reserve System, as amended from time to time).

Section 5.23. Hedge Agreements. The Authority shall at all times require that any termination fees or settlement amounts payable in connection with any Hedge Agreement entered into by the Authority on or after the Closing Date shall be subordinate to the payment of the Authority's obligations hereunder; provided, however, that the foregoing shall not operate to prevent amendments and supplements to Hedge Agreements entered into prior to the date hereof as long as such amendments or supplements do not operate to modify the priority of payment of any related termination fees or settlement amounts. The Authority shall use its best efforts to obtain any Hedge Agreement to which it is a counterparty without providing any collateral to support its obligations thereunder other than a Lien on Net Revenues, which Lien on Net Revenues (other than termination fees and settlement amounts) shall be on a parity with the Lien securing the indebtedness to which such Hedge Agreement relates; provided, however, that if no Hedge Agreement on the foregoing terms is then available to the Authority in any instance, the Authority may post cash collateral to support its obligations under the Hedge Agreement; provided further, however, that the aggregate notional amount of all such Hedge Agreements to which the Authority is a counterparty does not exceed ten percent (10%) of the aggregate Subordinate Debt of the Authority or such other amount as is approved in advance by the Bank.

Section 5.24. Sovereign Immunity Defense. Unless otherwise specifically provided by District of Columbia law, the Authority shall not raise the defense of sovereign immunity in any proceeding by the Bank to enforce any of the contractual obligations of the Authority under this Reimbursement Agreement, the Fee Letter or any other Related Document. Any such proceeding shall be brought exclusively in either the District of Columbia Superior Court or the United States District Court for the District of Columbia.

Section 5.25. Compliance with Anti-Corruption Laws and Sanctions. The Authority will maintain in effect and enforce policies and procedures designed to ensure compliance by the Authority and its directors, officers, employees and agents with Anti-Corruption Laws and applicable Sanctions in all material respects.

(f) an Event of Default (as defined in the Series C Reimbursement Agreement) or a default or event of default under any of the Related Documents shall have occurred and be continuing;

(g) entry or filing of any judgment, writ or warrant of attachment or of any similar process in an amount in excess of \$ 10,000,000 against the Authority or against any of its property and failure of the Authority to vacate, bond, stay or contest in good faith such judgment,

(l) the occurrence of any condition, event or series of events causing a change in the business, properties, condition (financial or otherwise) or operations, present or prospective, of the Authority that would materially adversely affect (i) the ability of the Authority to perform its obligations under this Agreement or (ii) the validity or enforceability of this Agreement or the rights and remedies of the Bank hereunder; or

(m) the ratings assigned to any of the long-term, unenhanced debt obligations of the Authority by any two of S&P, Moody's and Fitch shall be (i) withdrawn or suspended for credit-related reasons or (ii) reduced below "BBB-", "Baa3" and "BBB-", respectively, or revoked.

Section 6.02. Rights and Remedies. Upon the occurrence and continuation of an Event of Default, the Bank, in its sole discretion, (a) may deliver to the Paying Agent a notice in the form of Annex H to the Letter of Credit in which case on the maturity date for the last Note to mature which was issued prior to the delivery of such a notice and upon the Bank's honoring Drawings under the Letter of

ARTICLE VII

NATURE OF OBLIGATIONS; INDEMNIFICATION

Section 7.01. Obligations Absolute. The obligations of the Authority under this Reimbursement Agreement shall be absolute, unconditional and irrevocable, and shall not be subject to any right of setoff or counterclaim against the Bank or any Participant and shall be paid and performed strictly in accordance with the terms of this Reimbursement Agreement, under all circumstances whatsoever, including, without limitation, the following circumstances:

- (a) any lack of validity or enforceability of the Letter of Credit or any of the Related Documents;
- (b) any amendment or waiver of any provision of all or any of the Related Documents;
- (c) the existence of any claim, setoff, defense or other rights which the Authority may have at any time against the Paying Agent, any beneficiary or any transferee of the Letter of Credit (or any persons or entities for whom the Paying Agent, any such beneficiary or any such transferee may be acting), the Bank (other than the defense of payment to the Bank in accordance with the terms of this Reimbursement Agreement), any Participant or any other Person, whether in connection with this Reimbursement Agreement, the Related Documents or any transaction contemplated thereby or any unrelated transaction;
- (d) any statement or any other document presented under the Letter of Credit proving to be forged, fraudulent, invalid or insufficient in any respect or any statement therein being untrue or inaccurate in any respect whatsoever;
- (e) payment by the Bank under the Letter of Credit against presentation of a sight draft or certificate which does not comply with the terms of the Letter of Credit; and
- (f) any other circumstance or happening whatsoever, whether or not similar to any of the foregoing.

Section 7.02. Continuing Obligation. This Reimbursement Agreement is a continuing obligation, shall survive the expiration of the Letter of Credit and shall (a) be binding upon the Authority, its successors and assigns, and (b) inure to the benefit of and be enforceable by the Bank and its successors, transferees and assigns; provided that the Authority may not assign all or any part of this Reimbursement Agreement without the prior written consent of the Bank.

Section 7.03. Liability of the Bank. With respect to the Bank only, the Authority assumes all risks of the acts or omissions of the Paying Agent and any transferee of the Letter of Credit with respect to its use of the Letter of Credit. The Bank and any of its officers or directors shall not be liable or responsible for: (a) the use which may be made of the Letter of Credit or for any acts or omissions of the Paying Agent and any transferee in connection therewith; (b) the validity, sufficiency or genuineness of documents (other than the validity and enforceability of the Bank's obligations hereunder), or of any endorsement(s) thereon, even if such documents should in fact prove to be in any or all respects invalid, insufficient, fraudulent or forged; (c) payment by the Bank against presentation of documents which do not comply with the terms of the Letter of Credit, including failure of any documents to bear any reference or adequate reference to the Letter of Credit; or (d) any other circumstances whatsoever in making or failing to make payment under the Letter of Credit, except only that the Authority shall have a claim against the Bank, and the Bank shall be liable to the Authority, to the extent, but only to the extent, of any direct, as opposed to consequential or punitive, damages suffered by the Authority which the Authority proves were caused by (i) the Bank's willful misconduct or gross negligence or (ii) the Bank's willful failure to pay under the Letter of Credit after the presentation to it by the Paying Agent (or a successor trustee under the Master Indenture to whom the Letter of Credit has been transferred in accordance with its terms) of a certificate strictly complying with the terms and conditions of the Letter of Credit; provided, however, that the maximum amount of damages recoverable by the Authority as provided above is expressly limited to the Stated Amount of the Letter of Credit. In furtherance and not in limitation of the foregoing, the Bank may accept documents that appear on their face to be in order, without responsibility for further investigation, regardless of any notice or information to the contrary.

Section 7.04. Indemnification. In addition to any and all rights of reimbursement, indemnification, subrogation or any other rights pursuant hereto or under law or equity, the Authority agrees, to the extent permitted by law, to indemnify and hold harmless the Bank and each Participant and their respective officers, directors, employees and agents (each an "Indemnified Party") from and against any and all claims, damages, losses, liabilities, reasonable costs or expenses whatsoever that any Indemnified Party may incur (or which may be claimed against any Indemnified Party, by any person or entity whatsoever) that arises out of the transactions contemplated by this Reimbursement Agreement, the Master Indenture, the Resolution or the Notes, including, without limitation, (a) the issuing, offering, sale, remarketing or resale of the Notes (including, without limitation, by reason of any untrue statement or alleged untrue statement of any material fact contained or incorporated by reference in any offering memorandum or any other offering circular or document used in connection therewith, or in any supplement or amendment thereof, or the omission or alleged omission to state therein a material fact necessary to make such statement, in light of the circumstances under which it is or was made, not misleading or the failure to deliver any offering memorandum or any other offering circular or document to any offeree or purchaser of Notes), (b) the execution and delivery of, or payment or failure to pay under, this Reimbursement Agreement and (c) the use of the proceeds of the sale of the Notes; provided, however, that the Authority shall not be required to indemnify an Indemnified Party for any claims, damages, losses, liabilities, costs or expenses to the extent, but only to the extent, caused by (i) the willful misconduct or gross negligence of the Indemnified Party, (ii) the material inaccuracy of any information included in any offering memorandum or any offering circular or document related to the Notes and concerning the Bank or any Participant that was furnished in writing by the Bank or any such Participant expressly for inclusion therein or (iii) any failure by the Bank to honor a drawing under the Letter of Credit made in strict compliance with the terms of the Letter of Credit. If any proceeding shall be brought

or threatened against any Indemnified Party by reason of or in connection with the events described above (and except as otherwise provided above), such Indemnified Party shall promptly notify the Authority in writing and the Authority shall assume the defense thereof, including the employment of counsel and the payment of all reasonable costs of litigation. Notwithstanding the preceding sentence, an Indemnified Party shall have the right to employ its own counsel and to determine its own defense of such action in any such case, but the fees and expenses of such counsel shall be at the sole expense of such Indemnified Party unless (A) the employment of such counsel shall have been authorized in writing by the Authority or (B) the Authority, after due notice of the action, shall have unreasonably failed to employ counsel to take charge of such defense, in either of which events the reasonable fees and expenses of counsel for such Indemnified Party shall be borne by the Authority. The Authority shall not be liable for any settlement of any such action effected without its express written consent. The parties hereto agree that the provisions of this Section shall survive the termination of this Reimbursement Agreement.

Section 7.05. Facsimile Documents. At the request of the Authority, the Letter of Credit provides that demands for payment thereunder may be presented to the Bank by, among other methods, facsimile transmission. The Authority acknowledges and assumes all risks relating to the use of such demands for payment sent by facsimile transmission and agrees that its obligations under this Reimbursement Agreement and the Related Documents shall remain absolute, unconditional and irrevocable as provided in Section 7.01 above if the Bank honors such telecopied demands for payment.

ARTICLE VIII

TRANSFER, REDUCTION OR EXTENSION OF LETTER OF CREDIT

Section 8.01. Transfer, Reduction and Reinstatement. The Letter of Credit may be transferred, reduced (subject to Section 2.14 of this Reimbursement Agreement) and reinstated in accordance with the provisions set forth therein.

Section 8.02. Extension. The Expiration Date of the Letter of Credit may be extended by the Bank upon the written request of the Authority given to the Bank no more than 180 days prior to the Termination Date. Within 60 days of receipt of a request for extension, the Bank shall endeavor either to notify the Authority and the Paying Agent that the Letter of Credit will be extended to the new expiration date set forth in such notice in accordance with the terms of the Letter of Credit or notify the Authority and the Paying Agent that the Letter of Credit will not be so extended. Failure of the Bank to so respond to any such request shall constitute the Bank's denial of such request.

ARTICLE IX

MISCELLANEOUS

Section 9.01. Right of Setoff. Upon the occurrence of an Event of Default, the Bank may, at any time and from time to time, without notice to the Authority or any other person (any such notice being expressly waived), set off and appropriate and apply, against and on account of, any obligations and liabilities of the Authority to the Bank arising under or connected with this Reimbursement Agreement and the Related Documents, without regard to whether or not the Bank shall have made any demand therefor, and although such obligations and liabilities may be contingent or unmatured, any and all deposits (general or special, including but not limited to indebtedness evidenced by certificates of deposit, whether matured or unmatured, but not including trust accounts or accounts subject to a prior Lien in favor of a creditor extending credit to the Authority) and any other indebtedness at any time held or owing by the Bank to or for the credit or the account of the Authority (excluding amounts payable under the Letter of Credit).

Section 9.02. Amendments and Waivers. ARTICLE II

ISSUANCE OF LETTER OF CREDIT; REIMBURSEMENT, FEES AND PAYMENT PROVISIONS

Section 2.01. Issuance of the Letter of Credit. The Bank agrees to issue the Letter of Credit on the Closing Date if the conditions set forth in this Section and in Article III required to be satisfied on or before the Date of Issuance are satisfied. In addition to the conditions set forth in Article III, on the Date of Issuance the following conditions shall be satisfied as determined by the Bank:

- (a) The amount of the Letter of Credit shall not exceed the Stated Amount.
- (b) All representations and warranties of the Authority contained in Article IV shall be true and correct.
- (c) No Default shall have occurred and be continuing and no Default shall occur as a result of the issuance of the Letter of Credit.

Section 2.02. Interest on Principal Drawings. The Authority shall pay to the Bank interest on all amounts drawn under the Letter of Credit pursuant to a Principal Drawing, such interest to accrue from the date of such Drawing until payment thereof in full, payable on the first Business Day of each month or, if earlier, the date on which all or a portion of such principal amount is repaid, to the extent of such principal repayment, and payable on each date that the Principal Drawing is required to be repaid pursuant to Section 2.03 at a fluctuating interest rate per annum equal to the Bank Rate, subject to the provisions of Section 2.04.

Section 2.03. Reimbursement of Drawings. The Authority agrees to pay to the Bank an amount equal to all amounts drawn under the Letter of Credit, payable without any requirement of notice or demand by the Bank on the day on which such drawing is paid. Notwithstanding the preceding sentence, if on the date of any Principal Drawing no Event of Default has occurred and is continuing and the representations and warranties made by the Authority herein are true and correct as if made on such day, the Authority shall not be required to pay to the Bank an amount equal to such Principal Drawing on the date of such Drawing but rather the Authority agrees to pay to the Bank with respect to the Principal Drawing, payable without any requirement of notice or demand by the Bank, on the first Business Day of the first month that is not less than six (6) months after the date of such Principal Drawing, and on the first Business Day of each sixth month thereafter, amounts sufficient, with interest thereon at the Bank Rate, to amortize the amount of such Principal Drawing in approximately equal semi-annual payments over the period ending on the 5th anniversary of the date of such Drawing, with the remaining outstanding amount of the Principal Drawing together with interest thereon as provided herein being due and payable on such 5th anniversary of the date of such Principal Drawing; provided, however, that upon issuance of Notes, the amount owed to the Bank pursuant to this Section shall be immediately paid to the Bank in an amount equal to the lesser of the amount outstanding under this Section and the principal amount of the Notes issued which is not used to repay Notes maturing on such date or to reimburse the Bank for amounts drawn under the Letter of Credit to repay such maturing Notes; and provided, further, that the amount owed to the Bank under this Section shall be due and payable in full on the date of delivery to the Paying Agent of any substitute letter of credit (as provided in the Resolution) in substitution for the Letter of Credit. On the date of each Principal Drawing the Authority shall be deemed to have made the representations and warranties set forth in Article IV as of such date. The amount of any Drawing hereunder which is not paid on the date of such Drawing together with interest thereon, as provided in this Section and Section 2.04, shall be herein referred to as a "Loan." For the avoidance doubt, the foregoing provisions under which, subject to certain conditions, the Authority is not required to reimburse the Bank

for a Principal Drawing on the date of such Drawing shall not be applicable to an Interest Drawing.

Section 2.04. Default Rate. The Authority agrees to pay to the Bank, interest on any and all amounts owed by the Authority under this Reimbursement Agreement from and after the earlier of (a) the occurrence of an Event of Default and (b) the date such amounts are due and payable but not paid until payment thereof in full, at a fluctuating interest rate per annum (computed on the basis of the actual number of days elapsed and a year of 365/366 days, as applicable) equal to the Bank Rate plus three percent (3.00%) (the “*Default Rate*”).

Section 2.05. Fees. On the Date of Issuance, the Authority and the Bank shall execute the Fee Letter pursuant to which the Authority agrees to pay certain fees to the Bank and reimburse the Bank for certain expenses. The Authority covenants and agrees to pay such fees and expenses to the Bank.

Section 2.06. Costs, Expenses and Taxes. The Authority agrees to pay on demand all out-of-pocket costs and expenses of the Bank in connection with the negotiation, execution, delivery, administration and enforcement of this Reimbursement Agreement, the Related Documents and such other documents which may be delivered in connection with this Reimbursement Agreement plus the reasonable fees and expenses of counsel to the Bank with respect to advising the Bank as to its rights and responsibilities under this Reimbursement Agreement and the Related Documents and all costs and expenses, if any, in connection with the enforcement of this Reimbursement Agreement, the Related Documents and such other documents which may be delivered in connection with this Reimbursement Agreement. In addition, the Authority shall pay any and all stamp and other taxes and fees payable or determined to be payable in connection with the execution, delivery, filing and recording of this Reimbursement Agreement, the Related Documents and such other documents and agrees to save the Bank harmless from and against any and all liabilities with respect to or resulting from any delay in paying or omission to pay such taxes and fees.

Section 2.07. Increased Costs; Reduced Return.

- (a) If any Change in Law shall:
 - (i) subject the Bank to any tax, charge, fee, deduction or withholding of any kind with respect to this Reimbursement Agreement or the Letter of Credit, or any amount paid or to be paid by the Bank as the obligor under the Letter of Credit (other than any tax measured by or based upon the overall net income of the Bank);
 - (ii) impose, modify or deem applicable any reserve, premium, special deposit or similar requirements against any assets held by, deposits with or for the account of, or loans, letters of credit or commitments by, an office of the Bank;
 - (iii) change the basis of taxation of payments due the Bank under this Reimbursement Agreement or the Letter of Credit (other than a change in taxation of the overall net income of the Bank); or
 - (iv) impose upon the Bank any other condition with respect to such amount paid or payable to or by the Bank or with respect to this Reimbursement Agreement or the Letter of Credit,

and the result of any of the foregoing is to increase the cost to the Bank of agreeing to enter into (or participate in), entering into (or participating in), making any payment under or maintaining this Reimbursement Agreement or the Letter of Credit to reduce the amount of any payment (whether of

principal, interest or otherwise) receivable by the Bank or to require the Bank to make any payment on or calculated by reference to the gross amount of any sum received by it, in each case by an amount which the Bank in its reasonable judgment deems material, then:

(A) The Bank shall promptly notify the Authority in writing of the happening of such event;

(B) The Bank shall promptly deliver to the Authority a certificate stating the change which has occurred or the reserve requirements or other costs or conditions which have been imposed on the Bank or the request, direction or requirement with which it has complied together with the date thereof, the amount of such increased cost, reduction or payment and the way in which such amount has been calculated, including a reasonably detailed calculation, and the determination of such amounts by the Bank absent fraud or manifest error, shall be conclusive; and

(C) The Authority shall pay to the Bank, from time to time as specified by the Bank, such an amount or amounts as will compensate the Bank for such additional cost, reduction or payment, together with interest on such amount from, but including, the day specified by the Bank for payment, at the Bank Rate.

(b) In addition to the foregoing, if after the date of this Reimbursement Agreement the Bank shall have determined that a Change in Law has or would have the effect of reducing the rate of return on the capital of the Bank to a level below that which the Bank could have achieved but for such adoption, change or compliance (taking into consideration the policies of the Bank with respect to capital adequacy) by an amount deemed by the Bank to be material, or affects or would affect the amount of capital required or expected to be maintained by the Bank or any corporation controlling the Bank by an amount deemed by the Bank to be material, as a consequence of its obligations under this Reimbursement Agreement or the Letter of Credit, then from time to time the Authority shall be obligated to pay or cause to be paid to the Bank such additional amount or amounts as will compensate the Bank for such reduction or capital increase with respect to any period for which such reduction or capital increase was incurred upon demand by the Bank, together with interest on such amount for each day from such date of demand until payment in full at the Bank Rate. A certificate setting forth in reasonable detail such reduction in the rate of return on capital, or such capital increase, of the Bank as a result of any event mentioned in this paragraph shall be submitted by the Bank to the Authority and such certificate shall, in the absence of fraud or manifest error, be conclusive as to the amount thereof.

(c) Notwithstanding anything in this Section to the contrary, if such costs are to be incurred on a continuing basis by the Bank and the Bank shall so notify the Authority in writing as to the amount thereof, such costs shall be paid by the Authority to the Bank monthly in arrears.

(d) The protections of this Section 2.07 shall be available to the Bank regardless of any possible contention of invalidity or inapplicability of the law, regulation or condition which has been imposed; provided, however, that if it shall be later determined that any amount so paid by the Authority pursuant to this Section 2.07 is in excess of the amount payable under the provisions of this Agreement, the Bank shall refund such excess amount to the Authority.

(e) The Authority shall not be required to compensate the Bank pursuant to this Section for any increased costs incurred or reductions suffered more than six months prior to the

date that the Bank notifies the Authority of the Change in Law giving rise to such increased costs or reductions and of the Bank's intention to claim compensation therefor (except that, if the Change in Law giving rise to such increased costs or reductions is retroactive, then the six-month period referred to above shall be extended to include the period of retroactive effect thereof).

Section 2.08. Method of Payment. All payments by the Authority to the Bank hereunder or under the Fee Letter shall be nonrefundable and made in lawful currency of the United States and in immediately available funds. Amounts payable to the Bank hereunder or under the Fee Letter shall be transferred to the Bank's account specified on its signature page hereto (or to such other account of the Bank as the Bank may specify by written notice to the Authority and the Paying Agent) not later than 1:00 p.m., New York, New York time, on the date payment is due. Any payment received by the Bank after 1:00 p.m., New York, New York time, shall be deemed to have been received by the Bank on the next Business Day. If any payment hereunder is due on a day that is not a Business Day, then such payment shall be due on the immediately succeeding Business Day.

Section 2.09. Maintenance of Accounts. The Bank shall maintain in accordance with its usual practice an account or accounts evidencing the indebtedness of the Authority and the amounts payable and paid from time to time hereunder. In any legal action or proceeding in respect of this Reimbursement Agreement, the entries made in such account or accounts shall be presumptive evidence of the existence and amounts of the obligations of the Authority therein recorded. The failure to record any such amount shall not, however, limit or otherwise affect the obligations of the Authority hereunder to repay all amounts owed hereunder, together with all interest accrued thereon as provided in this Article II.

Section 2.10. Cure. The Authority agrees to pay to the Bank on demand any amounts advanced by or on behalf of the Bank to the extent required to cure any default, event of default or event of nonperformance under this Reimbursement Agreement or any Related Document. The Bank shall give the Authority reasonably prompt notice of any such advances. The Bank shall have the right, but not the obligation, to cure any such default, event of default or event of nonperformance.

Section 2.11. Withholding. All payments of principal, interest and any other sums due hereunder shall be made in the amounts required hereunder without any reduction or setoff, notwithstanding the assertion of any right of recoupment or setoff or of any counterclaim by the Authority, and without any withholding on account of taxes, levies, duties or any other deduction whatsoever. If the Authority is required by law to withhold or deduct any sum from payments required under this Reimbursement Agreement, the Authority shall, to the extent permitted by applicable law, increase the amount paid by it to the Bank, so that, after all withholdings and deductions, the amount received by the Bank shall equal the amount the Bank would have received without any such withholding or deduction.

Section 2.12. Bank Note.

(a) The Loans of the Bank shall be evidenced by a single promissory note payable to the order of the Bank in an amount equal to the aggregate unpaid principal amount of the Bank's Loans.

(b) The Bank shall record the date, amount and maturity of each Loan made by it and the date and amount of each payment of principal made by or on behalf of the Authority with respect thereto, and prior to any transfer of the Bank Note shall endorse on the schedule forming a part thereof appropriate notations to evidence the foregoing information with respect to each such Loan then outstanding; provided that the failure of the Bank to make any such recordation or endorsement shall not affect the obligations of the Authority hereunder or under the Bank Note.

The Bank is hereby irrevocably authorized by the Authority to endorse the Bank Note and to attach to and make a part of the Bank Note a continuation of any such schedule as and when required.

Section 2.13. Prepayment. Any Loan may be prepaid in whole or in part (but only in the amount of \$1,000,000 and integral multiples of \$1,000 in excess thereof) at any time without penalty or premium on one Business Day's prior written notice from the Authority to the Bank and by payment of such amounts to the Bank.

Section 2.14. Reductions of Stated Amount and Termination of the Letter of Credit.

(a) The Stated Amount may be permanently reduced from time to time or terminated by the Authority upon five Business Days' prior written notice of such reduction or termination given by the Authority to the Bank; provided, that (i) each such reduction shall be in an amount equal to the lesser of (A) \$1,000,000 or any integral multiple in excess thereof and (B) the Stated Amount, (ii) the Stated Amount of the Letter of Credit shall not be reduced below an amount equal to the sum of the outstanding amount of the Loan plus the principal amount of Notes outstanding plus interest on such principal amount of Notes computed at 12% per annum for a period of 90 days and (iii) the Authority first pays to the Bank all fees and expenses payable by the Authority to the Bank hereunder and under the Fee Letter, including any reduction fee then due and payable.

(b) Notwithstanding any provision to the contrary to the Resolution, the Master Indenture or the Issuing and Paying Agency Agreement, the Authority agrees to (i) provide at least two (2) Business Days' prior notice to the Bank of its intention to replace or terminate the Letter of Credit, (ii) in the case of a substitution for the Letter of Credit with a substitute letter of credit, first pay to the Bank the outstanding amount of the Loans, including accrued and unpaid interest thereon, and (iii) in the case of any Termination Date, pay on the Termination Date all fees and expenses payable by the Authority to the Bank hereunder and under the Fee Letter.

Section 2.15. Maximum Lawful Rate.

(a) If the amount of interest payable for any period in accordance with terms hereof exceeds the amount of interest that would be payable for such period had interest for such period been calculated at the Maximum Lawful Rate, then interest for such period shall be payable in an amount calculated at the Maximum Lawful Rate for such period.

(b) Any interest that would have been due and payable for any period but for the operation of Section 2.15(a) shall accrue and be payable as provided in this paragraph (b) and shall, less interest actually paid to the Bank for such period, constitute the "Excess Interest Amount." If there is any accrued and unpaid Excess Interest Amount as of any date then the principal amount with respect to which interest is payable shall bear interest at the Maximum Lawful Rate, until payment to the Bank of the entire Excess Interest Amount.

(c) Notwithstanding the foregoing, to the extent permitted by applicable law, on the date on which no principal amount hereunder remains unpaid, the Authority shall pay to the Bank a fee equal to any accrued and unpaid Excess Interest Amount.

There is no fact known to the Authority which the Authority has not disclosed to the Bank in writing which materially adversely affects or, so far as the Authority can now reasonably foresee, is likely to materially adversely affect the ability (financial or otherwise) of the Authority to perform its obligations hereunder or under the Related

Documents. The Disclosure Document prepared with respect to the Notes and the transactions herein contemplated, true copies of which have heretofore been delivered to the Bank, does not contain, and such Disclosure Document (including any amendments or supplements prepared subsequent to its date) (a true copy of which, in each case, shall be furnished to the Bank prior to the distribution thereof) will not contain, any untrue statement of a material fact and such Disclosure Document does not omit, and will not omit, to state a material fact necessary to make the statements therein, in the light of the circumstances under which made, not misleading, except no representation is made as to information furnished in writing by the Bank expressly for inclusion therein. [expand to cover any annual continuing disclosure document most recently filed with the EMMA]

Section 4.09. Notes; Parity Indebtedness. Each Note and the Bank Note has been and will be duly issued under the Resolution, the Master Indenture and the Issuing and Paying Agency Agreement and each such Note and the Bank Note is entitled to the benefits thereof and of the Master Indenture, including the pledge, on a subordinated basis, of the Trust Estate pursuant to the Master Indenture and the pledge of the Pledged Funds pursuant to the Issuing and Paying Agency Agreement. The Notes and the Bank Note and the lien securing the Notes and the Bank Note are each on a parity with all Subordinate Debt. There is no Lien on the moneys, investments, property and certain rights of the Authority thereto granted, pursuant to the Master Indenture, as security for the holders of Senior Debt and, on a subordinate basis, Subordinate Debt (the “Trust Estate”) other than the Liens created by or pursuant to the Master Indenture. The Master Indenture does not permit the issuance of any Debt secured by the Trust Estate to rank senior to the Notes and the Bank Note, other than Senior Debt issued and to be issued under the Master Indenture. No filing, registering, recording or publication of the Master Indenture, the Resolution or the Issuing and Paying Agency Agreement or any other instrument is required to establish the pledge under the Master Indenture or the pledge under the Issuing and Paying Agency Agreement or to perfect, protect or maintain the Lien created thereby on the Trust Estate, including the Net Revenues, in the case of the Master Indenture, or on the Pledged Funds, in case of the Issuing and Paying Agency Agreement, to secure the Notes and the Bank Note.

Section 4.10. Incorporation of Representations and Warranties. The Authority hereby makes to the Bank the same representations and warranties as were made by it in the Related Documents, which representations and warranties, together with the related definitions of terms contained therein, are hereby incorporated by reference with the same effect as if each and every such representation and warranty and definition were set forth herein in its entirety.

Section 4.11. Employment Benefit Plan Compliance. Except to the extent not reasonably expected to result, either singly or in the aggregate, in liability to the Authority, (a) each Employee Benefit Plan has been operated in substantial compliance with its terms and with all applicable provisions and requirements of the Code and all other applicable federal, state, and local laws, (b) the Authority have performed all its obligations under each Employee Benefit Plan and (c) the accrued benefit obligations of each Employee Benefit Plan (based on those assumptions used to fund such Employee Benefit Plan) with respect to all current and former participants do not exceed the assets of such Employee Benefit Plan. No Benefit Plan Event or similar event has occurred or is reasonably expected to occur that could reasonably result, either singly or in the aggregate with all other such Benefit Plan Events and similar events, in liability to the Authority. Each of the Employee Benefit Plans is a “governmental plan” (as defined in Section 3(32) of ERISA). None of the Employee Benefit Plans is subject to ERISA.

Section 4.12. Financial Statements. As of the date hereof, the audited balance sheets of the Authority as of September 30, 2014 and the related statements of revenues, expenses and changes in retained earnings, and cash flows, of the Authority for the Authority’s fiscal year then ended, and the accompanying footnotes thereon, dated September 30, 2014, of KPMG LLP, independent certified public accountants, copies of which have been delivered to the Bank, are complete and correct and fairly present

the financial condition of the Authority as at such dates, for the periods covered by such statements, all in conformity with generally accepted accounting principles consistently applied. Since September 30, 2014, there has been no material adverse change in the condition (financial or otherwise), business or operations of the Authority.

Section 4.13. No Proposed Legal Changes. There is no amendment, or to the knowledge of the Authority, proposed amendment certified for placement on a ballot within the District of Columbia or any District of Columbia law, or any legislation that has passed either house of the United States Congress, or any published judicial decision interpreting any of the foregoing, the effect of which is to materially adversely affect the Notes or the Authority's ability to perform its obligations under this Reimbursement Agreement, the Notes, and the other Related Documents.

Section 4.14. Margin Stock. No portion of the proceeds of any Notes will be used by the Authority (or the Trustee or Paying Agent or any other Person on behalf of the Authority) for the purpose of "purchasing" or "carrying" any margin stock or used in any manner which might cause the borrowing or the application of such proceeds to violate Regulation U issued by the Board of Governors of the Federal Reserve System or any other regulation of said Board of Governors or to violate the Securities Exchange Act of 1934, as amended, in each case as in effect on the date or dates of such use of proceeds.

Section 4.15. Permitted Investments. The Authority has neither made any investment nor entered into any agreements for the purpose of effecting any investment which are not permitted to be made by it pursuant to its investment guidelines, the Master Indenture or any other Related Document.

Section 4.16. Environmental Laws. Except as disclosed in writing to the Bank, the Authority has not received notice to the effect that the operations of the System are not in compliance with Environmental Laws.

Section 4.17. Insurance. The Authority currently maintains insurance coverage with insurance companies believed to be responsible by the Authority (as determined in its reasonable discretion) against such risks and in such amounts as is customarily maintained by companies or other entities similarly situated to the Authority and operating like properties and businesses to that of the Authority.

Section 4.18. Anti-Corruption Laws and Sanctions. The Authority has implemented and maintains in effect policies and procedures designed to ensure compliance by the Authority and its directors, officers, employees and agents with Anti-Corruption Laws and applicable Sanctions, and the Authority and its officers and employees and, to the knowledge of the Authority, its directors and agents, are in compliance with Anti-Corruption Laws and applicable Sanctions in all material respects. (d) promptly after process has been served on the Authority, notice of any action, suit or proceeding before any court or arbitrator or any governmental body, agency or official in which there is a reasonable probability of an adverse decision which could (i) materially adversely affect the business, financial position or results of operations of the Authority or the ability of the Authority to perform its obligations hereunder, under the Fee Letter or under any other Related Document or (ii) draw into question the validity or enforceability of this Reimbursement Agreement, the Fee Letter or any other Related Document or (iii) challenge the validity or enforceability of the security interest in and the pledge of the Trust Estate, or the priority of such pledge and Lien in favor of the Notes and the Bank Note over any or all other liabilities and obligations of the Authority (except in respect of Senior Debt) as against all Persons having claims of any kind in tort, contract or otherwise, whether or not such Persons shall have notice thereof;

(j) from time to time such additional information regarding the financial position,

operations, business or prospects of the Authority and regarding the System as the Bank may reasonably request.

As and to the extent the information required by this Section 5.03 has been properly and timely filed with the Municipal Securities Rulemaking Board through its Electronic Municipal Market Access System, the Authority will be deemed to have complied with the provisions of this Section; provided, however, that (y) the Authority shall have delivered written notice to the Bank of such filing and (z) the Bank has access to the information so filed.

Section 5.04. Compliance with Laws. The Authority shall comply with all laws, ordinances, orders, rules and regulations (including, without limitation, all Environmental Laws) that may be applicable to it and the System, if the failure to comply could have a material adverse effect on the security for any of the Notes or the Bank Note, or the Authority's ability to repay when due its obligations under this Reimbursement Agreement, any of the Notes, and the Related Documents unless the same is being contested in good faith and by appropriate proceedings and such contest shall operate to stay the material adverse effect of such failure to comply.

Section 5.05. Notices. In addition to and not in substitution of its obligation to furnish any other notice hereunder, the Authority will promptly furnish, or cause to be furnished, to the Bank (i) notice of the occurrence of any Event of Default, (ii) notice of the failure by any Dealer, the Paying Agent or the Trustee to perform any of its obligations under the Dealer Agreement or the Master Indenture, (iii) notice of any proposed substitution of this Reimbursement Agreement, and (iv) each notice required to be given to the Bank pursuant to the Master Indenture, the Resolution or the Issuing and Paying Agency Agreement.

Section 5.06. Certain Information. The Authority shall not include in an offering document for the Notes any information concerning the Bank that is not supplied in writing, or otherwise consented to, by the Bank expressly for inclusion therein. The Authority agrees to provide to the Bank, in writing, all information and notices it is required to provide to the Municipal Securities Rulemaking Board (the "MSRB") in accordance with Securities and Exchange Commission Rule 15(c)2-12, simultaneously with the providing thereof to the MSRB.

The Authority agrees that, with respect to any Substitute Credit Facility, the Authority will require, as a condition to its effectiveness, that all unreimbursed Drawings and Loans shall be repaid in full. The Authority shall not permit a Substitute Credit Facility to become effective with respect to fewer than all of the Notes without the prior written consent of the Bank.

Section 5.08. Appointment of Successors and Replacements. The Bank hereby consents to the appointment of J.P. Morgan Securities LLC as the Dealer for the Notes. So long as this Reimbursement Agreement is in effect and the Bank has not wrongfully failed to honor a Drawing under the Letter of Credit, the Authority will not permit the appointment of a successor Trustee, Paying Agent or Dealer unless the Authority has obtained the prior written consent of the Bank, which consent shall not be unreasonably withheld. If any Dealer or successor Dealer fails to sell Notes for sixty (60) consecutive days, then the Authority agrees, at the written request of the Bank to cause such Dealer to be replaced with a Dealer reasonably satisfactory to the Bank. The Authority shall use all commercially reasonable efforts to have a Dealer and an Issuing and Paying Agent in place at all times while this Reimbursement Agreement is in effect or the Bank Note is outstanding.

Section 5.09. Maintenance of Franchises. The Authority will maintain, or cause to be maintained, all licenses and franchises, required by the District of Columbia or any other Governmental Authority for operation of the System and the sale of water to customers, the loss of which would have or, could reasonably be expected to result in, a material adverse effect regarding the financial position, operations, business or prospects of the Authority or the System.

Section 5.10. Accounting Methods and Fiscal Year. The Authority will not adopt, permit or consent to any change in its established fiscal year without giving the Bank written notice thereof.

Section 5.11. Employment Benefit Plans.

(a) Except as would not reasonably be expected to result, either singly or in the aggregate, in material liability to the Authority, the Authority shall do each of the following: (i) maintain each Employee Benefit Plan in compliance with the applicable provisions of the Code and all other applicable federal, state and local laws; (ii) cause each Qualified Plan to maintain its qualified status under Section 401(a) of the Code; (iii) timely make all required contributions to each Employee Benefit Plan; (iv) ensure that all liabilities under each Employee Benefit Plan are (A) funded to at least the minimum level required by law and, to the extent applicable, by the terms governing such Employee Benefit Plan, (B) insured with a reputable insurance company, or (C) provided for or recognized to the extent required by applicable accounting standards in the most recent annual audit report; and (v) ensure that the contributions or premium payments to or in respect of each Employee Benefit Plan is and continues to be promptly paid at no less than the rates required under applicable law and in accordance with the most recent actuarial advice received in relation to such Employee Benefit Plan and any order, rule or regulation of any court or other agency of government applicable to such Employee Benefit Plan.

(b) Except as would not reasonably be expected to result, either singly or in the aggregate, in material liability to the Authority, the Authority shall not terminate any Qualified Plan.

(c) The Authority shall provide to the Bank as soon as possible, and in any event within 10 days after the Authority knows or has reason to know of the occurrence of any Benefit Plan Event or similar event with respect to any Employee Benefit Plan that could result in a material liability to such Employee Benefit Plan or to the Authority, a statement of the chief financial officer of the Authority describing such event and the action, if any, that the Authority proposes to take with respect thereto.

(d) Other than an Employee Benefit Plan in existence on the date of this Agreement and other than as required by law, the Authority shall not adopt, establish, participate in, or incur any obligation to contribute to, any Employee Benefit Plan or incur any liability to provide post-retirement welfare benefits to the extent such obligations or unfunded liabilities could reasonably be expected to result in a material adverse effect on the financial condition of the Authority or on the ability of the Authority to perform its obligations hereunder.

Section 5.12. Additional Obligations. The Authority shall not issue any bonds, notes or similar obligations or evidence of indebtedness payable from the Net Revenues or any other amounts, accounts or other property held under the Master Indenture except as permitted by the Master Indenture.

Section 5.13. Permitted Liens. The Authority shall not sell or dispose of or create any Lien on the System or create or incur or permit to exist any Lien on the Trust Estate, the Net Revenues on deposit in the Subordinate Fund or any other funds, accounts or other property held under the Master Indenture.

Section 5.14. Provisions to Facilitate Payments. Subject to Section 602 of the Master Indenture, the Authority shall cause to be included in each annual budget of the Authority reasonable provisions for the payment of all amounts due and estimated to become due with respect to the Notes and all obligations payable to the Bank under this Reimbursement Agreement, the Fee Letter and the other Related Documents during the fiscal year of the Authority covered by such budget. To the extent estimates are used, such estimates shall be made by the Authority in good faith and shall be based upon reasonable estimates of the amount of Senior Debt and Subordinate Debt expected to be outstanding, the Revenues and Operating Expenses anticipated to be received and paid for such fiscal year, and the interest rates reasonably expected to be charged during the coming fiscal year for the remaining term of the Senior Debt and Subordinate Debt. To the extent that amounts actually due and payable to the Bank under this Reimbursement Agreement, the Fee Letter and the other Related Documents in any fiscal year exceed the amounts estimated and/or available therefrom in an annual budget of the Authority for such Fiscal Year, the Authority shall take, or cause to be taken, as promptly as possible, all such actions (including, without limitation, amendments of such annual budget) as may be required to permit and facilitate the expenditure of additional moneys from all sources legally available for the payment of such amounts.

Section 5.15. Taxes and Liabilities. The Authority will pay, or cause to be paid, all Indebtedness of the Authority and the System promptly and in accordance with the terms thereof and to pay and discharge, or cause to be paid and discharged, promptly all taxes, assessments, and governmental charges or levies imposed upon it or the System, including income and profits, or upon any of its property, real, personal, or mixed, or upon any part thereof, before the same shall become in default, except for those matters which are reasonably being contested in good faith by appropriate action or proceedings or for which the Authority has established adequate reserves in accordance with GAAP.

Section 5.16. Payment of Fees. The Authority hereby agrees that fees and other amounts payable to the Bank (other than principal and interest on unreimbursed Drawings or the Bank Note) shall constitute Operating Expenses pursuant to the Master Indenture and, pursuant to Section 604(c) of the Master Indenture, will be paid from the Operating Reserve Fund when due. The Authority further agrees that to the extent sufficient funds are not available in the Operating Reserve Fund to pay such fees and other amounts when due for any reason, the Authority will immediately pay or cause to be paid such fees and other amounts from available funds of the Authority.

Section 5.17. Maintenance of Existence; No Merger. The Authority shall preserve and maintain its existence as an independent authority of the District of Columbia and to perform its obligations under this Reimbursement Agreement and the Related Documents. The Authority will at all times maintain the System, or within the limits of its authority cause the same to be maintained, in good condition and working order and will operate the same, or cause the same to be operated, in an efficient and economical manner at a reasonable cost and in accordance with sound business principles. In operating and maintaining the System, the Authority will comply with all contractual provisions and agreements entered into by it and with all valid rules, regulations, directions or orders of any governmental, administrative or judicial body or other Governmental Authority promulgating same, except for any noncompliance that, individually or in the aggregate, could not reasonably be expected to have a material adverse effect upon the Authority's business, operations, assets or financial condition. The Authority shall not consolidate with or merge into another Person or permit one or more other Persons to consolidate with or merge into it or acquire all or substantially all of the property and assets of any other Person if, at the time of such consolidation, merger, or acquisition the resulting or surviving entity fails to assume, by written document in form and substance satisfactory to the Bank, all the obligations of the Authority under this Reimbursement Agreement or the benefits of any Related Document fail to extend to the performance by such resulting or surviving entity of the Authority's obligations under this Reimbursement Agreement.

Section 5.18. Use of Proceeds. The Authority shall use the proceeds of the Notes for the purposes set forth in the Master Indenture.

Section 5.19. Further Assurances. The Authority shall execute, acknowledge where appropriate, and deliver, and cause to be executed, acknowledged where appropriate, and delivered, from time to time promptly at the reasonable request of the Bank, all such instruments and documents as in the reasonable judgment of the Bank are necessary to effectuate the intention of this Reimbursement Agreement and the other Related Documents.

Section 5.20. Investment Guidelines. The Authority will:

(a) promptly notify the Bank in writing of any changes proposed to the Authority's written investment policies or guidelines (the "Investment Guidelines") if the proposed change would increase the types of investments permitted by such Investment Guidelines.

(b) promptly notify the Bank in writing, after the adoption thereof by the Authority, of any change in the Investment Guidelines, which change increases the types of investments permitted by the Investment Guidelines and of which change the Bank was not previously notified pursuant to clause (a) above.

(c) within ten (10) Business Days of the adoption of any resolution of the Authority's Board amending its financing policies or financial practices or any provision or portion thereof, send a copy of such resolution to the Bank.

Section 5.21. Exempt Status. To the extent that the interest on the Notes is intended to be excludable from the gross income of the holders thereof for purposes of federal income taxation, the Authority shall not take any action or omit to take any action that, if taken or omitted, would adversely affect the excludability of interest on the Notes from the gross income of the holders thereof for purposes of federal income taxation.

Section 5.22. Regulation. The Authority covenants and agrees that no proceeds of any Drawing shall be used, by or on behalf of the Authority, directly or indirectly to purchase or carry any margin stock (within the meaning of Regulation U of the Board of Governors of the Federal Reserve System, as amended from time to time).

Section 5.23. Hedge Agreements. The Authority shall at all times require that any termination fees or settlement amounts payable in connection with any Hedge Agreement entered into by the Authority on or after the Closing Date shall be subordinate to the payment of the Authority's obligations hereunder; provided, however, that the foregoing shall not operate to prevent amendments and supplements to Hedge Agreements entered into prior to the date hereof as long as such amendments or supplements do not operate to modify the priority of payment of any related termination fees or settlement amounts. The Authority shall use its best efforts to obtain any Hedge Agreement to which it is a counterparty without providing any collateral to support its obligations thereunder other than a Lien on Net Revenues, which Lien on Net Revenues (other than termination fees and settlement amounts) shall be on a parity with the Lien securing the indebtedness to which such Hedge Agreement relates; provided, however, that if no Hedge Agreement on the foregoing terms is then available to the Authority in any instance, the Authority may post cash collateral to support its obligations under the Hedge Agreement; provided further, however, that the aggregate notional amount of all such Hedge Agreements to which the Authority is a counterparty does not exceed ten percent (10%) of the aggregate Subordinate Debt of the Authority or such other amount as is approved in advance by the Bank.

Section 5.24. Sovereign Immunity Defense. Unless otherwise specifically provided by District of Columbia law, the Authority shall not raise the defense of sovereign immunity in any proceeding by the Bank to enforce any of the contractual obligations of the Authority under this Reimbursement Agreement, the Fee Letter or any other Related Document. Any such proceeding shall be brought exclusively in either the District of Columbia Superior Court or the United States District Court for the District of Columbia.

Section 5.25. Compliance with Anti-Corruption Laws and Sanctions. The Authority will maintain in effect and enforce policies and procedures designed to ensure compliance by the Authority and its directors, officers, employees and agents with Anti-Corruption Laws and applicable Sanctions in all material respects.

(f) an Event of Default (as defined in the Series B Reimbursement Agreement) or a default or event of default under any of the Related Documents shall have occurred and be continuing;

(g) entry or filing of any judgment, writ or warrant of attachment or of any similar process in an amount in excess of \$ 10,000,000 against the Authority or against any of its property and failure of the Authority to vacate, bond, stay or contest in good faith such judgment,

(l) the occurrence of any condition, event or series of events causing a change in the business, properties, condition (financial or otherwise) or operations, present or prospective, of the Authority that would materially adversely affect (i) the ability of the Authority to perform its obligations under this Agreement or (ii) the validity or enforceability of this Agreement or the rights and remedies of the Bank hereunder; or

(m) the ratings assigned to any of the long-term, unenhanced debt obligations of the Authority by any two of S&P, Moody's and Fitch shall be (i) withdrawn or suspended for credit-related reasons or (ii) reduced below "BBB-", "Baa3" and "BBB-", respectively, or revoked.

The rights and remedies of the Bank specified herein are for the sole and exclusive benefit, use and protection of the Bank, and the Bank is entitled, but shall have no duty or obligation to the Authority, the Paying Agent, the holders of the Notes or otherwise, (i) to exercise or to refrain from exercising any right or remedy reserved to the Bank hereunder, or (ii) to cause the Paying Agent or any other party to exercise or to refrain from exercising any right or remedy available to it under any of the Related Documents.

ARTICLE VII

NATURE OF OBLIGATIONS; INDEMNIFICATION

Section 7.01. Obligations Absolute. The obligations of the Authority under this Reimbursement Agreement shall be absolute, unconditional and irrevocable, and shall not be subject to any right of setoff or counterclaim against the Bank or any Participant and shall be paid and performed strictly in accordance with the terms of this Reimbursement Agreement, under all circumstances whatsoever, including, without limitation, the following circumstances:

- (a) any lack of validity or enforceability of the Letter of Credit or any of the Related Documents;
- (b) any amendment or waiver of any provision of all or any of the Related Documents;
- (c) the existence of any claim, setoff, defense or other rights which the Authority may have at any time against the Paying Agent, any beneficiary or any transferee of the Letter of Credit (or any persons or entities for whom the Paying Agent, any such beneficiary or any such transferee may be acting), the Bank (other than the defense of payment to the Bank in accordance with the terms of this Reimbursement Agreement), any Participant or any other Person, whether in connection with this Reimbursement Agreement, the Related Documents or any transaction contemplated thereby or any unrelated transaction;
- (d) any statement or any other document presented under the Letter of Credit proving to be forged, fraudulent, invalid or insufficient in any respect or any statement therein being untrue or inaccurate in any respect whatsoever;
- (e) payment by the Bank under the Letter of Credit against presentation of a sight draft or certificate which does not comply with the terms of the Letter of Credit; and
- (f) any other circumstance or happening whatsoever, whether or not similar to any of the foregoing.

Section 7.02. Continuing Obligation. This Reimbursement Agreement is a continuing obligation, shall survive the expiration of the Letter of Credit and shall (a) be binding upon the Authority, its successors and assigns, and (b) inure to the benefit of and be enforceable by the Bank and its successors, transferees and assigns; provided that the Authority may not assign all or any part of this Reimbursement Agreement without the prior written consent of the Bank.

Section 7.03. Liability of the Bank. With respect to the Bank only, the Authority assumes all risks of the acts or omissions of the Paying Agent and any transferee of the Letter of Credit with respect to its use of the Letter of Credit. The Bank and any of its officers or directors shall not be liable or responsible for: (a) the use which may be made of the Letter of Credit or for any acts or omissions of the Paying Agent and any transferee in connection therewith; (b) the validity, sufficiency or genuineness of documents (other than the validity and enforceability of the Bank's obligations hereunder), or of any endorsement(s) thereon, even if such documents should in fact prove to be in any or all respects invalid, insufficient, fraudulent or forged; (c) payment by the Bank against presentation of documents which do not comply with the terms of the Letter of Credit, including failure of any documents to bear any reference or adequate reference to the Letter of Credit; or (d) any other circumstances whatsoever in making or failing to make payment under the Letter of Credit, except only that the Authority shall have a claim against the Bank, and the Bank shall be liable to the Authority, to the extent, but only to the extent, of any direct, as opposed to consequential or punitive, damages suffered by the Authority which the Authority proves were caused by (i) the Bank's willful misconduct or gross negligence or (ii) the Bank's willful failure to pay under the Letter of Credit after the presentation to it by the Paying Agent (or a successor trustee under the Master Indenture to whom the Letter of Credit has been transferred in accordance with its terms) of a certificate strictly complying with the terms and conditions of the Letter of Credit; provided, however, that the maximum amount of damages recoverable by the Authority as provided above is expressly limited to the Stated Amount of the Letter of Credit. In furtherance and not in limitation of the foregoing, the Bank may accept documents that appear on their face to be in order, without responsibility for further investigation, regardless of any notice or information to the contrary.

Section 7.04. Indemnification. In addition to any and all rights of reimbursement, indemnification, subrogation or any other rights pursuant hereto or under law or equity, the Authority agrees, to the extent permitted by law, to indemnify and hold harmless the Bank and each Participant and their respective officers, directors, employees and agents (each an "Indemnified Party") from and against any and all claims, damages, losses, liabilities, reasonable costs or expenses whatsoever that any Indemnified Party may incur (or which may be claimed against any Indemnified Party, by any person or entity whatsoever) that arises out of the transactions contemplated by this Reimbursement Agreement, the Master Indenture, the Resolution or the Notes, including, without limitation, (a) the issuing, offering, sale, remarketing or resale of the Notes (including, without limitation, by reason of any untrue statement or alleged untrue statement of any material fact contained or incorporated by reference in any offering memorandum or any other offering circular or document used in connection therewith, or in any supplement or amendment thereof, or the omission or alleged omission to state therein a material fact necessary to make such statement, in light of the circumstances under which it is or was made, not misleading or the failure to deliver any offering memorandum or any other offering circular or document to any offeree or purchaser of Notes), (b) the execution and delivery of, or payment or failure to pay under, this Reimbursement Agreement and (c) the use of the proceeds of the sale of the Notes; provided, however, that the Authority shall not be required to indemnify an Indemnified Party for any claims, damages, losses, liabilities, costs or expenses to the extent, but only to the extent, caused by (i) the willful misconduct or gross negligence of the Indemnified Party, (ii) the material inaccuracy of any information included in any offering memorandum or any offering circular or document related to the Notes and concerning the Bank or any Participant that was furnished in writing by the Bank or any such Participant expressly for inclusion therein or (iii) any failure by the Bank to honor a drawing under the Letter of Credit made in strict compliance with the terms of the Letter of Credit. If any proceeding shall be brought

or threatened against any Indemnified Party by reason of or in connection with the events described above (and except as otherwise provided above), such Indemnified Party shall promptly notify the Authority in writing and the Authority shall assume the defense thereof, including the employment of counsel and the payment of all reasonable costs of litigation. Notwithstanding the preceding sentence, an Indemnified Party shall have the right to employ its own counsel and to determine its own defense of such action in any such case, but the fees and expenses of such counsel shall be at the sole expense of such Indemnified Party unless (A) the employment of such counsel shall have been authorized in writing by the Authority or (B) the Authority, after due notice of the action, shall have unreasonably failed to employ counsel to take charge of such defense, in either of which events the reasonable fees and expenses of counsel for such Indemnified Party shall be borne by the Authority. The Authority shall not be liable for any settlement of any such action effected without its express written consent. The parties hereto agree that the provisions of this Section shall survive the termination of this Reimbursement Agreement.

Section 7.05. Facsimile Documents. At the request of the Authority, the Letter of Credit provides that demands for payment thereunder may be presented to the Bank by, among other methods, facsimile transmission. The Authority acknowledges and assumes all risks relating to the use of such demands for payment sent by facsimile transmission and agrees that its obligations under this Reimbursement Agreement and the Related Documents shall remain absolute, unconditional and irrevocable as provided in Section 7.01 above if the Bank honors such telecopied demands for payment.

ARTICLE VIII

TRANSFER, REDUCTION OR EXTENSION OF LETTER OF CREDIT

Section 8.01. Transfer, Reduction and Reinstatement. The Letter of Credit may be transferred, reduced (subject to Section 2.14 of this Reimbursement Agreement) and reinstated in accordance with the provisions set forth therein.

Section 8.02. Extension. The Expiration Date of the Letter of Credit may be extended by the Bank upon the written request of the Authority given to the Bank no more than 180 days prior to the Termination Date. Within 60 days of receipt of a request for extension, the Bank shall endeavor either to notify the Authority and the Paying Agent that the Letter of Credit will be extended to the new expiration date set forth in such notice in accordance with the terms of the Letter of Credit or notify the Authority and the Paying Agent that the Letter of Credit will not be so extended. Failure of the Bank to so respond to any such request shall constitute the Bank's denial of such request.

ARTICLE IX

MISCELLANEOUS

Section 9.01. Right of Setoff. Upon the occurrence of an Event of Default, the Bank may, at any time and from time to time, without notice to the Authority or any other person (any such notice being expressly waived), set off and appropriate and apply, against and on account of, any obligations and liabilities of the Authority to the Bank arising under or connected with this Reimbursement Agreement and the Related Documents, without regard to whether or not the Bank shall have made any demand therefor, and although such obligations and liabilities may be contingent or unmatured, any and all deposits (general or special, including but not limited to indebtedness evidenced by certificates of deposit, whether matured or unmatured, but not including trust accounts or accounts subject to a prior Lien in favor of a creditor extending credit to the Authority) and any other indebtedness at any time held or owing by the Bank to or for the credit or the account of the Authority (excluding amounts payable under the Letter of Credit).

Any such waiver or consent shall be effective only in the specific instance and for the specific purpose for which given. In the event any agreement contained in this Reimbursement Agreement should be breached by the Authority and thereafter waived by the Bank, such waiver shall be limited to the particular breach so waived for the specific period set out in such waiver and such waiver shall not constitute a waiver of such breach for any other period and shall not waive any other or similar breach hereunder.

Section 9.03. No Waiver; Remedies. No failure on the part of the Bank to exercise, and no delay in exercising, any right under this Reimbursement Agreement shall operate as a waiver of such right; nor shall any single or partial exercise of any right under this Reimbursement Agreement preclude any other further exercise of such right or the exercise of any other right. The remedies herein provided are cumulative and not exclusive of any remedies provided by law.

Any participation granted as described above in this Section shall not limit the obligations of the Bank under the Letter of Credit.

(b) The Bank may assign and pledge all or any portion of the obligations owing to it hereunder to any Federal Reserve Bank or the United States Treasury as collateral security pursuant to Regulation A of the Board of Governors of the Federal Reserve System and any Operating Circular issued by such Federal Reserve Bank. OF THE
DISTRICT OF COLUMBIA WATER AND SEWER AUTHORITY**

The District members of the Board of Directors ("Board") of the District of Columbia Water and Sewer Authority ("DC Water") at the Board meeting held on May 7, 2015, upon consideration of a non-joint use matter, decided by a vote of () in favor and () opposed, to approve the following action with respect to the Memorandum of Agreement with District of Columbia for Green Infrastructure Jobs Program.

WHEREAS, on December 16, 2014, the Board through Resolution No. 14-85, authorized the General Manager to execute the First Amendment to the Long Term Control Plan ("LTCP") Consent Decree ("Modified Consent Decree"); and

WHEREAS, the Modified Consent Decree will incorporate green infrastructure (GI) as part of the combined sewer overflow (CSO) controls in the CSO 027, 028, 029, and 049 sewersheds; and

WHEREAS, GI constructed, inspected, and maintained pursuant to the Modified Consent Decree presents opportunities to create additional sustainable, living wage green jobs and green job training for residents of the District of Columbia (District Residents) and sustainable, long-term contracting opportunities for District Businesses; and
