

DC Water – Permit Operations REQUEST FOR COUNTERMAPS

This form may be emailed to permit.operations@dcwater.com. Please include the project address in the email subject line, or your request for information will not be processed. **Allow 2 weeks for processing**

- Our office does not have any information regarding sewer laterals, and limited information regarding water laterals
- Most times, Countermaps and GIS maps contain all the information needed to submit a civil plan set to DC Water for review, such as sewer inverts, pipe location and structures
- Once you have received and reviewed the Countermaps and find your project requires additional information, you may call our office at 202-646-8600 to arrange a visit to collect any available as-builts
