

David L. Gadis, Chief Executive Officer

DISTRICT OF COLUMBIA WATER AND SEWER AUTHORITY | 1385 CANAL STREET, SE | WASHINGTON, DC 20003

Aug 2, 2021

Dear DC Water Customer:

Hope you and your loved ones are safe and well!

DC Water will be assessing the sewer pipes, manholes and other features related to the flows in sewers in your neighborhood to help us understand the root causes for storm related backups in the separate sewer system in the neighborhood. The work will include sewer inspection, manhole inspection, smoke testing, and dyed-water testing. We anticipate the work to begin in August 2021 and end in September 2021. For more information on this work, please see attached Project Information Sheet.

Please feel free to contact Emanuel Briggs at 202-787-2003 or emanuel.briggs@dcwater.com for any questions.

Kind Regards,

DC Water
